

Introduced by

Senators Magrum, Clemens

Representatives Dyk, Hoverson

1 A BILL for an Act to provide for a legislative management study relating to vaccines for  
2 respiratory syncytial virus and vaccines developed using messenger ribonucleic acid  
3 technology.

4 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

5 **SECTION 1. LEGISLATIVE MANAGEMENT STUDY - VACCINES.** During the 2023-24  
6 interim, the legislative management shall consider studying the long-term health effects on  
7 human beings of vaccines for respiratory syncytial virus and vaccines developed using  
8 messenger ribonucleic acid technology. The study must include input from the department of  
9 health and human services, an examination of the potential health risks of the vaccines, and an  
10 analysis of the cost of treatment and diagnostics for individuals who suffer any physical injury  
11 due to receiving a vaccine for respiratory syncytial virus or a vaccine developed using  
12 messenger ribonucleic acid technology. The legislative management shall report its findings and  
13 recommendations, together with any legislation necessary to implement the recommendations,  
14 to the sixty-ninth legislative assembly.
