PROPOSED AMENDMENTS TO SENATE BILL NO. 2085

Page 1, line 1, replace "section" with "sections"

Page 1, line 1, after "23-47-02" insert "and 39-21-41.4"

Page 1, line 2, after the second "system" insert "and safety belt usage by emergency medical services personnel; and to provide for a legislative management study"

Page 2, after line 18, insert:

**"SECTION 2. AMENDMENT.** Section 39-21-41.4 of the North Dakota Century Code is amended and reenacted as follows:

**39-21-41.4. Use of safety belts required in certain motor vehicles - Enforcement - Evidence.**

Subject to the limitations of this section and section 39-21-41.5, a driver may not operate upon a highway a motor vehicle designed for carrying fewer than eleven passengers, which was originally manufactured with safety belts unless each front seat occupant is wearing a properly adjusted and fastened safety belt. This section does not apply to a child in a child restraint or safety belt in accordance with section 39-21-41.2; to drivers of implements of husbandry; to operators of farm vehicles as defined in subsection 5 of section 39-04-19; to rural mail carriers while on duty delivering mail; to an occupant with a medical or physically disabling condition that prevents appropriate restraint in a safety belt, if a qualified physician, physician assistant, or advanced practice registered nurse states in a signed writing the nature of the condition and the reason restraint is inappropriate; to an occupant who is an emergency medical services personnel, during the provision of direct patient care; or when all front seat safety belts are in use by other occupants. A physician, physician assistant, or advanced practice registered nurse who, in good faith, provides a statement that restraint would be inappropriate is not subject to civil liability. A violation for not wearing a safety belt under this section is not, in itself, evidence of negligence. The fact of a violation of this section is not admissible in any proceeding other than one charging the violation.

**SECTION 3. LEGISLATIVE MANAGEMENT STUDY - EMERGENCY MEDICAL SERVICES.** During the 2023-24 interim, the legislative management shall conduct a comprehensive study of the delivery of emergency medical services in the state. The study must include consideration of funding, taxation, access critical areas, demographics, volunteer training, volunteer retention, systems approach to rural areas, employment options, including access to a public safety pension, and educational reimbursements. The study shall also include consideration of distressed ambulance services, which are ambulance services that have indicated an intention to close or change their license level, or an ambulance service that fails to meet performance standards as established by the department of health and human services. The legislative management shall report its findings and recommendations, together with any legislation to implement the recommendations, to the sixty-ninth legislative assembly."

Renumber accordingly
