4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

During calendar year 2022, North Dakota’s 19 Human Service Zones approved 272 requests for final disposition through the burial assistance program. Today Human Service Zones establish their own standards for payment. Payments range from \$1,900 to \$4,500 per disposition, with \$2,300 as the average across all Human Service Zones. The total expenditure for burial assistance in calendar year 2022 was \$624,000.

Over the last three years, Human Service Zones have provided assistance for an average of 300 dispositions per year. Using the new payment rate established in SB 2139 for all Human Service Zones would result in an estimated biennial cost of \$2,100,000.

The 21-23 budget included \$1,201,200 for indigent burial assistance. The 23-25 executive budget recommendation includes \$1,480,200 for indigent burial assistance.

Note: Human Service Zone budgets are funded via the Property Tax Relief Fund, which has a legislatively established cap of \$200 million.
