

LSTC serves as a specialized resource to the network of approximately 120 private residential facilities and thousands of families who have a loved one with an intellectual or developmental disability for whom they are a caregiver or guardian. LSTC's goal is to:

- Operate as a **specialty care and support resource** for people experiencing crisis and/or who need stabilization;
- Work together with guardians to **identify opportunities** for each person to live in a community setting of their choice wherever and whenever possible;
- Provide **individualized** information and advisement regarding community-based care **options, supports and approaches** to help the person served and their care teams explore ideas and opportunities that may help the person served be able to realize their goals.

LSTC offers both residential and non-residential services for youth and adults
