To Whom It May Concern,

Working as a current school counselor, I strongly oppose the SB 2340. School counselors are highly educated to implement a comprehensive school counseling program. As school counselors, we follow ASCA guidelines, and the ethical code provided by ASCA. Other mental health professionals are not held to the same expectations that ASCA provides, which is highly concerning. Following ASCA guidelines is extremely important to ensure ALL students are provided with the academic, social, and career instruction and interventions within all 3 tiers of the multi-tiered systems of support.

Sincerely,

A handwritten signature in black ink that reads "Sarah Voss". The signature is written in a cursive style with a long horizontal flourish at the end.
