Chairman Headland and members of the House Finance and Taxation
Committee:

My name is Travis Zabloutney. I am the current District 5 Republican Chairman in Minot. My testimony will be short and sweet and I believe highly supported by both the majority of District 5 constituents and North Dakota taxpayers of all political persuasions. Unfortunately the State of North Dakota has both a revenue problem and a spending problem..... Too much REVENUE and too much SPENDING. Please show some restraint by attempting to slow the unmitigated and unnecessary spending seemingly perpetually supported by state government and return the money back to the taxpayers of North Dakota. Thank you for your DO PASS vote on this bill.
