

*Members of the House Human Services Committee,*

*“My name is Lisa Pulkrabek and I reside in District 31. I am asking that you please render a DO NOT PASS on House Bill 1207.”*

*Covid 19 has brought illness and death to the world but the vaccine that was rushed through “warp speed” has brought more pain, agony and death than the actual virus has. North Dakotans have a right to know the truth but frankly, I don’t trust the ND Dept of Health to tell us the truth. I feel that the health dept will skew the numbers, and not report the adverse effects and deaths due to the vaccine accurately. I feel that this will give the state agency another excuse to make it look like they are “protecting” the citizens but it will just be another waste of taxpayer money and resources.*

*Thank you for your consideration of this highly important matter and for your service to the state of North Dakota.*

*Lisa Pulkrabek*
