

Members of the House Human Services Committee,

“My name is Jason Moore and I reside in District 1. I am asking that you please render a DO PASS on House Bill 1522.”

We must protect the rights of ALL citizens. When one person’s liberties are honored at the expense of another’s, laws must be passed which provide equal protection for all. Schools should provide separate bathroom and locker room facilities based on biological sex, not gender identity. This bill includes a provision for unisex bathrooms to be made available in certain cases. It is a balanced and fair bill in my opinion. Policies based on gender identity particularly harm women and girls by compromising their privacy and safety.

Thank you for your consideration on this important issue and for your service to the state of North Dakota.

Jason Moore
Williston, ND
