

## Testimony in Favor of HB1181

Good morning Chairman Representative Dan Ruby and members of House Transportation Committee.

I am Tom Schimelfening From Bowdon North Dakota. I have been a contractor for over 40 years.

I am in favor of HB1181 as it allows us to move larger equipment after sun down especially in the fall of year and during winter. I thank you for your time and stand for any questions

Tom Schimelfening
