# Lacie Zander

Treating people like humans

Normality - Not like stepping off a prison bus w/ a jumpsuit + shoes, show shame

- 97%, ~~emulate a~~ ~~area~~ This is a community + we aim to emulate an outside community to help ~~all~~ prepare people to return to our communities

- everyone here has value + we want to capitalize on that

- part of normality is preferred housing which I will touch on but Mr. Stridiron will go into detail

- small things like having a key to your room + being able to do your own laundry

Resident lead initiative of Lacies Party where residents donate ~~unused~~ hygiene items for indigent people or people with a lot of financial difficulties. Trainers where they cut + sort coupons to send to families verses to use at the base stores

Host Great American Bike race raised over \$15,000 for children with developmental health issues

These are just a few examples of what ~~people~~ people who live here are capable of, + I will turn it over to my counterpart

for the rest, this is their home

Time  
Talent  
Treasure

when you feel safe you can thrive + get better + heal
