

# SUPPORT DESTINATION DEVELOPMENT

Invest in North Dakota's Tourism Industry

**"Beyond our existing offerings, North Dakota must step up our Destination Development.** By creating unique new attractions and amenities, we can spur visitation and workforce development and expand one of our biggest industries – tourism."

– Governor Doug Burgum

## Invest in North Dakota's Third Largest Industry

Create unique new attractions and amenities that build our tourism sector.

## Quality of Life

Support communities with access to recreation, music, arts and culture.

Use our natural resources not only for agriculture, energy and economic development, but also for recreation.

## Capture Future Workforce

Spur visitation and workforce development.

For visitors and tourists who may become our future workforce, these amenities are critical.

## Legacy Projects

Drive projects impacting generations.

Think of what legacy projects look like: the places where family memories are made, and communities are built.

Invest confidently in our communities and institutions to create a better future for our children and grandchildren.
