Economic diversification research fund - Report to legislative management.

1. There is created in the state treasury the economic diversification research fund. The fund consists of all moneys deposited in or transferred to the fund pursuant to legislative action. Moneys in the fund may be spent by the Bank of North Dakota pursuant to legislative appropriations to provide grants to institutions under the control of the state board of higher education for economic diversification research.
2. In consultation with representatives of North Dakota state university and the university of North Dakota, the Bank, in consultation with the state board of higher education, shall award grants to institutions under the control of the state board of higher education. Up to ninety percent of the funding must be awarded to North Dakota state university and the university of North Dakota with equal amounts awarded to each institution. The remaining funding must be awarded to the other institutions under the control of the state board of higher education, as determined by the board. The state board of higher education may not award more than fifty percent of the available funding during the first year of the biennium. The Bank of North Dakota shall distribute the grant funding as awarded by the state board of higher education.
3. The state board of higher education shall develop guidelines for the economic diversification research grants. The purpose of the grants is to stimulate economic activity across the state through innovation of new

technology, concepts, and products; to promote job creation and career and wage growth; to enhance health care outcomes; to address loss of revenue and jobs in communities with economies that depend primarily on the fossil fuel industry; and to provide experiential learning opportunities for students. Research projects may be initiated by an institution under the control of the state board of higher education or by the private sector. The guidelines must include consideration for research projects with matching funds and provisions for grant oversight by an internal advisory committee and an external advisory committee.

4. The state board of higher education shall develop reporting requirements for the institutions under the control of the board. The reporting requirements must include criteria for assessing performance outcomes related to the grants. The state board of higher education shall compile the reports and submit a comprehensive report annually to the legislative management. The comprehensive report must include information on how the research efforts by each institution align with the state's priorities, how the institutions collaborate when appropriate, and how the outcomes of the research meet established performance expectations."

Agricultural research and extension - Matching grants - North Dakota state university agricultural experiment station.

1. a. Subject to legislative appropriations, each biennium the state board of higher education shall award one dollar in matching grants for every two dollars raised by the institutional foundation of North Dakota state university for projects dedicated exclusively to agricultural research and extension at the agricultural experiment station. Notwithstanding section 15-10-53, awards under this section may be used for endowments, operations, facility repair projects, and new capital construction projects.

- b. To be eligible for a matching grant, the institution shall demonstrate:
 - (1) Its foundation has raised at least twenty-five thousand dollars in cash or monetary pledges for a qualifying project; and
 - (2) The project has been approved by the grant review committee established in section 15-10-51.
 - c. The board may award up to two million two hundred thousand dollars in matching grants under this section.
 - d. If the remaining dollars are insufficient to provide a matching grant in the amount of one dollar for every two dollars raised by the institutional foundation, the board shall award a lesser amount.
2. The state board of higher education shall retain up to one-quarter of one percent of any grant awarded under this section to assist with the administrative expenses incurred in the grant review process."

"SECTION 41. LEGISLATIVE MANAGEMENT STUDY - DUAL-CREDIT FUNDING. During the 2023-24 interim, the legislative management shall study funding for dual-credit courses. The study must include a review of all funding sources relating

to dual-credit courses in the state, including tuition and fees, the higher education funding formula, elementary and secondary education integrated formula payments, institution scholarships, state scholarships, and the Bank of North Dakota. The study must also include a review of funding for dual-credit courses in other states. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-ninth legislative assembly.

SECTION 42. LEGISLATIVE MANAGEMENT STUDY - ARTIFICIAL INTELLIGENCE IMPACTS. During the 2023-24 interim, the legislative management shall consider studying the emergence of artificial intelligence and the potential impacts on the state's institutions, agencies, businesses, citizens, and youth. The study must include a review of the effect of artificial intelligence on the provision of health care, effects on student learning, potential opportunities or threats to the integrity of state services, the potential impact on electoral processes, including mitigating action to be taken leading up to the 2024 state elections, opportunities for state investment or policy changes to promote artificial intelligence businesses, and cybersecurity implications across all state institutions. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-ninth legislative assembly."
