

68th Session Testimony on 2100

Chairman Luick and Committee,

My name is Phil Murphy representing the ND Soybean Growers Association. I am sorry to be absent today but hope to attend the session soon. The NDSGA supports this bill as it appears to help the establishment of more meat processers. Many of our growers have livestock and hopefully our commodity will be used to feed more around our state. Anything you can do to further animal agriculture will be appreciated, and having a place to process the animals is one of the keys to growing the industry as a whole. Thank you for your work.
