To the N.O. Senate QG
Committee

I am writing this for
CONCERN SB, 2134 REGARDING
the setback Rule for bees
1/4 mile, this law would make
55% to 65% of my bee yards illegal
including my shop cause I keep
bees there which would be very
impossible to move, most yards
I am as far back as I can go
to rivers, farm fields. This
Bill is definitely a anti property
Rights Bill
