

Dear Chairman Sen. Lee

I wish to express my support of SB 2149.
The 988 suicide hotline has proven to be vital
in providing an avenue for suicidal people to access
help.

Please support this bill

Sincerely

Monte Rodacker

Dear Senate

My name is Robert Cox
Suicide has impacted my family very close
I have had a brother and many cousins and
friends commit suicide, please consider continuing
to support 988 crisis line we sincerely need all
the help we can receive

thank you
midnight rider
Robert Cox

I am writing this on behalf of the midnight Riders
club. We as a club do a motorcycle run just for
the prevention of suicide, many people come from
far distance to attend our run to support suicide
I have listened to people's story and they all say the same thing
we need more money to find way to help others considering
suicide.

thank you

My name is Keith Tranter

The reason I think suicide is very important problem is because I Farm and Ride motorcycle and have ~~lots~~ Friends in farming and riding that have decided suicide was the Best Way and didnt look for Help. Providing funding for any and all services should be automatic. Mental Health is as important as physical Health!!!

Best Regards

Keith Tranter

My name is Cindy Godacker
and I lost my ~~son~~ son
Aug 14 1998 by suicide. He
was only 19 years old. If it
wasnt for ~~the~~ First Link
being there for me I dont
know if I would be here today
I miss my son every day + I
dont want anybody to go through
what I had to endure. Will
suicide continue? yes. But if we
can save 1 life isnt it worth it!
I am suicidal myself + Im not
saying that so this hopefully
passes. Im glad First Link was
there for me @ the time +
Im glad ~~to~~ theyre there incase
I need someone to talk to.

Dear Chairman Senator,

In regards of Suicide prevention -

I feel that this is a very important issue that needs continued support from everyone.

to think that someone feels that is their only option is heartbreaking. I have seen how it affects friends, its something no one should have to go thru. Any program to help people needs to be continued - because how do you put a price on a life - Everyone needs & deserves to have someone to reach out to.

I hope that you find it in your hearts to continue to support such a worth while Cause.

Sincerely
Julie Trautman
