Good morning, Chairman Larsen and committee Members.

For the record I am Senator Jeff Magrum. I stand before you to introduce SB2214.

SB2214 is a simple bill which i ntends to allow Professional sports teams to use the open marketplace to obtain Workers Compensation and medical coverage.

SB 2214 allows professional sports teams to have partnerships with their medical providers which currently is prohibited.

Professional sports teams today have a keen understanding of the insurance coverage necessary for the professional athlete in high contact, high risk sport.

Indoor Football teams and Leagues have been operating since 1987.

I would like the questions to go to the folks behind me but if necessary I will stand for questions.

I respectfully ask for a do pass on SB2214

Thank you.
