

Senate and Natural Resource Committee Members

My name is Eric Steiner and I reside in District 39. I am asking that you please render a DO PASS on HB 1108. The World Economic Forum, World Health Organization, Bill Gates or any other communist organization has no place in our lives, the state of North Dakota, America or anywhere. There is nothing wrong with the climate. God gave us natural resources to use to better our lives. Carbon zero is a myth that will cause famine, death and the destruction of everything.

Thank You
