

Dear Senate Energy and Natural Resources,
Representative Dale Patten, Chairman:

I am writing to voice my support for Senate Bill 2374.
The mineral owners in North Dakota should not struggle with getting
information related to their royalties from oil companies.
Legislators in past sessions have updated the Century Code for
the benefit of the state and I would hope that you will now offer the
same benefits for individual mineral owners like me.

I strongly encourage this committee to approve SB 2374 so we
can receive better information related to our royalties from the
oil companies.

Sincerely,
Robert Sheldon
