

- I strongly oppose the removal of any of the wild horses located in Theodore Roosevelt National Park.
- The wild horses in TRNP are the biggest draw for visitors to the park
- Local economies in towns around TRNP will suffer with the loss of tourist visits if the wild horses are removed .
- The horses in TRNP are an historic herd of Nakota wild horses with unique genetics rarely found.
- Native species wild horses have been observed in the area of Theodore Roosevelt National Park for centuries and were only fenced in when the park was formed.
- The horses in TRNP are the only wild horses roaming free in the state of North Dakota and should be considered a treasured resource.
- A new alternative to the park's Environmental Assessment must be added with scientific and humane management of the wild horses in the park.
- The TRNP must redesignate the wild horses as wildlife: they are not to be designated as livestock.
