

I strongly oppose the removal of any of the wild horses located in Theodore Roosevelt National Park.

The horses in TRNP are an historic herd of Nakota wild horses with unique genetics rarely found. They are the only wild horses roaming free in the state of North Dakota and should be considered a treasured resource.

A new alternative to the park's Environmental Assessment must be added with scientific and humane management of the wild horses in the park.

The TRNP must redesignate the wild horses as wildlife; they are not to be designated as livestock.
