Good Day,

I am reaching out to lend my voice to those **supporting** SCR 4014 – to prohibit the removal of any wild horses in Theodore Roosevelt National Park – for the following reasons:

- The wild horses in TRNP are the biggest draw for visitors to the park.
- Local economies in towns around TRNP will suffer with the loss of tourist visits if the wild horses are removed .
- The horses in TRNP are an historic herd of Nakota wild horses with unique genetics rarely found.
- Native species wild horses have been observed in the area of Theodore Roosevelt National Park for centuries and were only fenced in when the park was formed.
- The horses in TRNP are the only wild horses roaming free in the state of North Dakota and should be protected.
- A new alternative to the park's Environmental Assessment must be added with scientific and humane management of the wild horses in the park.
- The TRNP must re-designate the wild horses as wildlife as they are not livestock.
- **It's what President Roosevelt would have done.**

I greatly appreciate you considering my feedback.

Respectfully,
Jennifer D'Angelo
