- To Whom it may concern,
- I am writing on behalf of the wild horses in TRNP,

I am asking the National Park Service to consider the following points.

*I strongly oppose the removal of any of the wild horses located in Theodore Roosevelt National Park.*

- *The TRNP must redesignate the wild horses as wildlife; they are not to be designated as livestock.*
- *The wild horses in TRNP are an historic herd of Nakota wild horses with unique genetics rarely found.*
- *The horses in TRNP are the only wild horses roaming free in the state of North Dakota and should be considered a treasured resource.*
- *A new alternative to the park's Environmental Assessment must be added with scientific and humane management of the wild horses in the park.*
- *The TRNP must redesignate the wild horses as wildlife; they are not to be designated as livestock.*
- *As a citizen of the United States I have a vested interest in the wild horses of America and would like to see them treasured and maintained in the National Park for my children and future generations to enjoy as part of our National Heritage and history. They should be treated with respect, kindness and compassion and their lineage preserved.*

*Please do not remove the horses from TRNP. I plan to visit the park in the next year but will not do that if the horses are removed.*

*Sincerely,*

*Nancy Lohrenz*
