

14/15 800D

SECTION 1. LEGISLATIVE MANAGEMENT STUDY – LAW ENFORCEMENT STAFFING AND EQUIPMENT. During the 2023-24 interim, the legislative management shall consider studying equipment and staffing needs of law enforcement departments in the state, which must include:

1. specific and unique challenges faced by certain regions or communities, such as a large population of high-risk offenders or offenders under some form of supervision or monitoring program;
2. types of technologies available to law enforcement for the purpose of supervising or monitoring offenders; and
3. costs associated with purchase, implementation, and maintenance of those technologies available to law enforcement for supervising or monitoring offenders.
