4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 5 SECTION 1. A new section to chapter 15.1-02 of the North Dakota Century Code is created 6 and enacted as follows:
- 7 Superintendent of public instruction - Cardiac emergency response plan for public 8 and nonpublic schools and athletic events.
- 9 1. As used in this section:
- 10 "Automated external defibrillator" means a lightweight, portable device capable of 11 delivering an electric shock through an individual's chest to the individual's heart, 12 which is used in the event of cardiac arrest to attempt to stop an irregular 13 heartbeat and allow a normal rhythm to resume.
- 14 "Cardiac arrest" means a life-threatening event in which an individual's heart b. 15 unexpectedly stops beating.
 - "Cardiac emergency response plan" or "plan" means a written document <u>C.</u> establishing the specific steps to reduce the chance of death from cardiac arrest.
- <u>2.</u> The department of health and human services in collaboration with the superintendent 19 of public instruction shall create a customizable cardiac emergency response plan 20 template for schools and nonpublic schools to use to develop a plan tailored to the school or nonpublic school.

1	<u>3.</u>	The cardiac emergency response plan template must integrate core elements	
2		<u>esta</u>	ablished by the American heart association or other nationally recognized
3		orga	anization. The plan template must require:
4		<u>a.</u>	Review and adoption of the cardiac emergency response plan by the district
5			crisis management team, which must be reviewed annually.
6		<u>b.</u>	Activation of the team if an individual experiences sudden cardiac arrest.
7		<u>C.</u>	Placement of automated external defibrillators on school grounds.
8		<u>d.</u>	Routine maintenance of automated external defibrillators.
9		<u>e.</u>	Distribution of the plan on school grounds.
10		<u>f.</u>	Stipulation of appropriate school personnel, including licensed coaches, school
11			nurses, and athletic trainers, to receive training.
12		<u>g.</u>	Coordination with local emergency medical services providers.
13		<u>h.</u>	Annual review and evaluation of the plan.
14	<u>4.</u>	Each public and nonpublic school shall:	
15		<u>a.</u>	Using the template provided by the superintendent of public instruction, develop
16			a cardiac emergency response plan for inclusion in the school district crisis
17			management plan for use by school personnel if an individual experiences
18			sudden cardiac arrest or a similar life-threatening emergency on school grounds,
19			including an athletic venue, or at a school-sponsored athletic event.
20		<u>b.</u>	Place each automated external defibrillator on school grounds according to the
21			guidelines established by the American heart association or an organization
22			focused on emergency cardiovascular care.
23		<u>C.</u>	Place an automated external defibrillator in an easily accessible location at each
24			school athletic venue and event.
25		<u>d.</u>	Identify each automated external defibrillator with appropriate signage.
26		<u>e.</u>	Make each automated external defibrillator available in an unlocked location that
27			allows the automated external defibrillator to be retrieved and placed on an
28			individual experiencing cardiac arrest in fewer than three minutes.
29	<u>5.</u>	<u>A sc</u>	chool, board of a school district and each individual member of the board,
30		gov	erning board and each individual governing board member of a nonpublic school,
31		<u>adm</u>	ninistrator, principal, teacher, school employee, and any member of the school

Sixty-ninth Legislative Assembly

1	district crisis management team, whether a student or an adult, are immune from any
2	liability that might otherwise be incurred as a result of an injury caused by any act or
3	omission while carrying out any elements of the cardiac emergency response plan as
4	developed or implemented in accordance with this section.
