7		e.	Beginning with the 2020-21 school year, the superintendent shall reduce the
8			baseline funding for any school district that becomes an elementary district
9			pursuant to section 15.1-07-27 after the 2012-13 school year. The reduction must-
10			be proportional to the number of weighted student units in the grades that are-
11			offered through another school district relative to the total number of weighted
12			student units the school district offered in the year before the school district
13			became an elementary district. The reduced baseline funding applies to the
14			calculation of state aid for the first school year in which the school district
15			becomes an elementary district and for each year thereafter. For districts that
16			become an elementary district prior to the 2020-21 school year, the
17			superintendent shall use the reduced baseline funding to calculate state aid for-
18			the 2020-21 school year and for each year thereafter.
19	2.	a.	The superintendent shall divide the district's baseline funding determined in-
20			subsection 1 by the district's 2017-18 weighted student units to determine the

25			The superintendent shall divide the district's baseline funding determined in-
26			subsection 1 by the district's weighted student units after the school district
27			becomes an elementary district to determine the district's adjusted baseline-
28			funding per weighted student unit. The superintendent shall use the district's
29			adjusted baseline funding per weighted student unit in the calculation of state aid
30			for the first school year in which the school district becomes an elementary
31			district and for each year thereafter.

1		c.	Beginning with the 2021-22 school year and for each school year thereafter, the
2			superintendent shall reduce the district's baseline funding per weighted student
3			unit. Each year the superintendent shall calculate the amount by which the
4			district's baseline funding per weighted student unit exceeds the payment per
5			weighted student unit provided in subsection 3. For the 2023-24 school year the
6			superintendent shall reduce the district's baseline funding per weighted student
7			unit by forty percent of the amount by which the district's baseline funding per-
8			weighted student unit exceeds the payment per weighted student unit for the
9			2023-24 school year. For each year thereafter, the reduction percentage is
10			increased by an additional fifteen percent. However, the district's baseline funding-
11			per weighted student unit, after the reduction, may not be less than the payment
12			per weighted student unit provided in subsection 3.
13	3.	a.	For the 2023-24 school year, the superintendent shall calculate state aid as the
14			greater of:
15			(1) The district's weighted student units multiplied by ten thousand six hundred
16			forty-six dollars;
17			(2) One hundred two percent of the district's baseline funding per weighted
18			student unit, as established in subsection 2, multiplied by the district's
19			weighted student units, not to exceed the district's 2017-18 baseline
20			weighted student units, plus any weighted student units in excess of the
21			2017-18 baseline weighted student units multiplied by ten thousand
22			six hundred forty-six dollars; or
23			(3) The district's baseline funding as established in subsection 1 less the
24			amount in paragraph 1, with the difference reduced by forty percent and
25			then the difference added to the amount determined in paragraph 1.
26		b.	For the 2024-25 school year and each school year thereafter, the superintendent
27			shall calculate state aid as the greater of:
28			(1) The district's weighted student units multiplied by eleven thousand
29			seventy-two dollars;
30			(2) One hundred two percent of the district's baseline funding per weighted
31			student unit, as established in subsection 2, multiplied by the district's-

1				weig	hted student units, not to exceed the district's 2017-18 baseline

15			pur	poses	of this subdivision by more than twelve percent, adjusted pursuant to
16			sec	tion 18	5.1-27-04.3; and
17		b.	Sub	etract a	an amount equal to seventy-five percent of all revenue types listed in
18			sub	divisio	ns c and d of subsection 1. Before determining the deduction for
19			sev	enty-fi	ve percent of all revenue types, the superintendent of public instruction
20			sha	ll adju	st revenues as follows:
21			(1)	Tuiti	on revenue shall be adjusted as follows:

14			baseline funding for any school district that becomes an elementary district
15			pursuant to section 15.1-07-27 after the 2012-13 school year. The reduction must
16			be proportional to the number of weighted student units in the grades that are
17			offered through another school district relative to the total number of weighted
18			student units the school district offered in the year before the school district
19			became an elementary district. The reduced baseline funding applies to the
20			calculation of state aid for the first school year in which the school district
21			becomes an elementary district and for each year thereafter. For districts that
22			become an elementary district prior to the 2020-21 school year, the
23			superintendent shall use the reduced baseline funding to calculate state aid for
24			the 2020-21 school year and for each year thereafter.

4			adjusted baseline funding per weighted student unit in the calculation of state aid
5			for the first school year in which the school district becomes an elementary
6			district and for each year thereafter.
7		C.	Beginning with the 2021-22 school year and for each school year thereafter, the

12			superintendent shall reduce the district's baseline funding per weighted student
13			unit by forty percent of the amount by which the district's baseline funding per
14			weighted student unit exceeds the payment per weighted student unit for the
15			2023-24 school year. For each year thereafter, the reduction percentage is
16			increased by an additional fifteen percent. However, the district's baseline funding
17			per weighted student unit, after the reduction, may not be less than the payment

27			2017-18 baseline weighted student units multiplied by ten thousand
28			six hundred forty-six<u>e</u>leven thousand two hundred ninety-three dollars; or
29			(3) The district's baseline funding as established in subsection 1 less the
30			amount in paragraph 1, with the difference reduced by fortyseventy percent
31			and then the difference added to the amount determined in paragraph 1.

1		b.	For t	the 20 2	24-252026-27 school year and each school year thereafter, the
