

FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1519

Introduced by

Representatives Rohr, K. Anderson, Frelich, Holle, McLeod, Toman

Senators Clemens, Paulson, Schaible, Van Oosting, Weston

1 A BILL for an Act to create and enact a new section to chapter 23-02.1 of the North Dakota
2 Century Code, relating to death and vaccination records.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1.** A new section to chapter 23-02.1 of the North Dakota Century Code is created
5 and enacted as follows:

6 **Death and vaccination records.**

- 7 1. The department of health and human services shall compile and maintain individual
8 death and vaccination records for each vaccine type for which there are records in the
9 North Dakota immunization information system.
- 10 2. For each individual appearing in the electronic death registration system and the North
11 Dakota immunization information system, the department shall record the following
12 information: unique identifying number, sex, race, date of birth, date of death, vaccine
13 manufacturer, vaccine type, date of vaccination, dose number, lot number, vaccine
14 provider, and vaccination location.
- 15 3. Within thirty days of the end of each calendar quarter, the department of health and
16 human services shall publish on its website a time-series summary report based on
17 the individual death and vaccination records for each vaccine type that has been
18 administered to more than twenty-thousand individuals in this state over the last
19 quarter. The summary report must:
- 20 a. Cover all qualifying vaccines administered in this state in the last two years.
21 b. Include the following index columns:
- 22 (1) Month and year of administration;

1 (2) Sex;

2 (3) Birth year;

3 (4) Vaccine manufacturer;

4 (5) Vaccine type; and

5 (6) Dose number.

6 c. Include the following value columns:

7 (1) Total number of vaccines administered for the indexed cohort; and

8 (2) Total number of deaths for the indexed cohort occurring within one, three,

9 seven, fourteen, twenty-one, and thirty days of the exact vaccination date

10 and continuing with columns reporting the total number of deaths for

11 additional thirty-day intervals through seven hundred twenty days since

12 vaccination, with the total deaths counted for each interval being cumulative

13 up to that period.

14 4. A redaction may not be made to a report under subsection 3 unless the department of

15 health and human services is expressly notified of a privacy issue regarding the

16 metrics counted under subsection 3.
