11		excluded from the tuition calculation under this paragraph;
12		(4) Revenue from payments in lieu of taxes on the distribution and transmission

14		(5) Revenue from payments in lieu of taxes on electricity generated from
15		sources other than coal; and
16		(6) Revenue from the leasing of land acquired by the United States for which

18	d.	An amount equal to the total revenue received by the school district during the
19		2017-18 school year for the following revenue types:
20		(1) Mobile home tax revenue;
21		(2) Telecommunications tax revenue; and
22		(3) Revenue from payments in lieu of taxes and state reimbursement of the
23		homestead credit and disabled veterans credit.
24	e.	Beginning with the 2020-21 school year, the superintendent shall reduce the
25		baseline funding for any school district that becomes an elementary district
26		pursuant to section 15.1-07-27 after the 2012-13 school year. The reduction must
27		be proportional to the number of weighted student units in the grades that are
28		offered through another school district relative to the total number of weighted
29		student units the school district offered in the year before the school district
30		became an elementary district. The reduced baseline funding applies to the
31		calculation of state aid for the first school year in which the school district

1	becomes an elementary district and for each year thereafter. For districts that
2	become an elementary district prior to the 2020-21 school year, the
3	superintendent shall use the reduced baseline funding to calculate state aid for
4	the 2020-21 school year and for each year thereafter.

2. a. The superintendent shall divide the district's baseline funding determined in
subsection 1 by the district's 2017-18 weighted student units to determine the
district's baseline funding per weighted student unit.

The superintendent shall use the district's 15 adjusted baseline funding per weighted student unit in the calculation of state aid 16 for the first school year in which the school district becomes an elementary 17 district and for each year thereafter.
- 18 C. Beginning with the 2021-22 school year and for each school year thereafter, the 19 superintendent shall reduce the district's baseline funding per weighted student 20 unit. Each year the superintendent shall calculate the amount by which the 21 district's baseline funding per weighted student unit exceeds the payment per 22 weighted student unit provided in subsection 3. For the 2023-24 school year the 23 superintendent shall reduce the district's baseline funding per weighted student 24 unit by forty percent of the amount by which the district's baseline funding per 25 weighted student unit exceeds the payment per weighted student unit for the 26 2023-24 school year. For each year thereafter, the reduction percentage is 27 increased by an additional fifteen percent. However, the district's baseline funding 28 per weighted student unit, after the reduction, may not be less than the payment 29 per weighted student unit provided in subsection 3.
- 303. a.For the 2023-24 school year, the superintendent shall calculate state aid as the31greater of:

1	(1)	The district's weighted student units multiplied by ten thousand six hundred
2		forty-six dollars;
3	(2)	One hundred two percent of the district's baseline funding per weighted
4		student unit, as established in subsection 2, multiplied by the district's
5		weighted student units, not to exceed the district's 2017-18 baseline
6		weighted student units, plus any weighted student units in excess of the
7		2017-18 baseline weighted student units multiplied by ten thousand
8		six hundred forty-six dollars; or
9	(3)	The district's baseline funding as established in subsection 1 less the
10		amount in paragraph 1, with the difference reduced by forty percent and
11		then the difference added to the amount determined in paragraph 1.
12	b. For	the 2024-25 school year and each school year thereafter, the superintendent
13	sha	all calculate state aid as the greater of:
14	(1)	The district's weighted student units multiplied by eleven thousand
15		seventy-two dollars;
16	(2)	One hundred two percent of the district's baseline funding per weighted
17		student unit, as established in subsection 2, multiplied by the district's
18		weighted student units, not to exceed the district's 2017-18 baseline
19		weighted student units, plus any weighted student units in excess of the
20		2017-18 baseline weighted student units multiplied by eleven thousand
21		seventy-two dollars; or
22	(3)	The district's baseline funding as established in subsection 1 less the
23		amount in paragraph 1, with the difference reduced by fifty-five percent for
24		the 2024-25 school year and the reduction percentage increasing by fifteen
25		percent each school year thereafter until the difference is reduced to zero,
26		and then the difference added to the amount determined in paragraph 1.
