**3 - Bill and Fiscal Impact Summary**

*Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

House Bill 1058 enacts a new chapter to 23.1 and provides language for the regulation of aboveground storage tanks with oversight by the Department of Environmental Quality. The fiscal impact is minimal, with only operating expenditures requested of which a majority is for travel. The travel would

**4 - Fiscal Impact Sections Detail**

*Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

The fiscal impact of House Bill 1058 is minimal. Since the rules are closely associated with other programs administered by the Department of Environmental Quality, we anticipate only needing additional authority for operating expenditures mainly for travel cost associated with inspections of aboveground tank sites.

## 5 - Revenues Detail

*For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

There is a section in House Bill 1058 that would allow the department to establish fee in rule to cover the cost of registering, licensing, and permitting aboveground storage tanks. We don't anticipate needing fees as the additional cost of the program are minimal and would be covered by the Petroleum Tank Release Compensation fund.

## 6 - Expenditures Detail

*For information shown under state fiscal effect in 1 or 2, please explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Since the rules are closely associated with other programs administered by the Department of Environmental Quality, we anticipate only needing additional authority for operating expenditures of which a majority is for travel to inspect aboveground tank sites.

## 7 - Appropriations Detail

*For information shown under state fiscal effect in 1 or 2, please explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*
