**3 - Bill and Fiscal Impact Summary**

*Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

Section 1 affects approximately five areas, leading to increased revenue for the Insurance Regulatory Trust Fund. The remaining sections have been revised for clarity and to ensure consistency with other provisions of the law.

**4 - Fiscal Impact Sections Detail**

*Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Sections 1(a), (b), (e-g), and (n) all introduce increased fees, many of which have remained unchanged for 30 to 40 years. Sections 1(u-z) involve language cleanup, transferring provisions from other parts of the code into the fees section. Section 1(2) is also focused on cleanup, while Section 1(3) seeks clarification for potential future scenarios. Sections 2-8 have no fiscal impact and are revised solely for clarity and to ensure consistency with other legal provisions

Under NDCC 26.1-01-07.1(3), any funds exceeding \$1,000,000 (after expenses) in the Insurance Regulatory Trust Fund are required to be transferred to the General Fund at the close of each fiscal year. Therefore, it is anticipated that the General Fund will receive the additional revenue resulting from the increased fees.
