POSTSESSION ACTIONS

MESSAGE TO THE HOUSE FROM THE SENATE (SHANDA MORGAN, SECRETARY)
MR. SPEAKER: The President has signed: HB 1015.

MESSAGE TO THE SENATE FROM THE HOUSE (BUELL J. REICH, CHIEF CLERK)
MADAM PRESIDENT: The Speaker has signed: HB 1015.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
This is to inform you that on April 22, 2025, I have signed the following: SB 2387.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
This is to inform you that on May 5, 2025, I have signed the following: SB 2256 and SB 2397.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
This is to inform you that on May 12, 2025, I have signed the following: SB 2002, SB 2003, SB 2012, SB 2015, and SB 2188.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
This is to inform you that on May 16, 2025, I have signed the following: SB 2006.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
This is to inform you that on May 19, 2025, I have signed the following: SB 2323.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG
Pursuant to Article V, Section 9 of the North Dakota Constitution, I have signed Senate Bill 2001 and filed it with the Secretary of State. I also have vetoed Section 6 of Senate Bill 2001.

Section 6 of Senate Bill 2001 reserves the 15th floor of the Capitol building "for the exclusive use of the legislative council." Legislative Council consists of attorneys, accountants, researchers, and auxiliary personnel who serve the members of the Legislative Assembly. The Legislative Council currently occupies the entire second floor of the Capitol building except for one legislative committee room.

The 15th floor currently is occupied by the Department of Career and Technical Education (CTE), which recently remodeled the space. The acquisition of the newly remodeled space in Section 6 of Senate Bill 2001 was proposed without input or consultation with our administration, CTE, or anyone else from the executive branch and without public discussion during the 2023-2025 interim session. Legislative Council testified that additional space is needed to accommodate the increase of its staff from 45 full-time equivalent (FTE) positions to 70 FTEs as approved by the Legislative Assembly in Senate Bill 2001.

For government to work, it must work cohesively. It is crucial to foster open communication, align goals and objectives, and encourage collaboration across departments and levels. My administration is more than willing to help Legislative Council accommodate its growing staff by identifying available space in the Capitol building, including space on the 15th floor. However, requiring the acquisition of a specific floor of the Capitol building via state law is superfluous and undermines our ongoing efforts to find ways to better utilize the Capitol building's square footage to reduce costs and save taxpayers money.

The fact Section 6 of Senate Bill 2001 is a policy item logrolled into an appropriation bill does not restrict the executive's line-item veto authority. Doing so would force the executive to choose between accepting a standalone policy item or risking the entire appropriation for a state agency. Allowing the Legislative Assembly to shoehorn general substantive policy provisions into an appropriation bill, while not simultaneously allowing the executive to veto

those provisions, would undermine our system of checks and balances, and violate the longstanding principle of separation of powers.

For the reasons said above, Section 6 of Senate Bill 2001 is vetoed.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have signed Senate Bill 2004 and filed it with the Secretary of State. I also have vetoed Section 5 of Senate Bill 2004.

Section 5 of Senate Bill 2004 establishes a new statutory immunity provision for members of the Legislative Assembly. While transparency and ethical conduct are essential in a representative democracy, this provision elevates internal legislative procedure above state law, effectively shielding lawmakers from accountability under our criminal code.

The state already has opaque campaign finance laws. Public confidence in government is built on the belief that no one, especially elected officials, is above the law. Codifying legislative immunity in this context undermines that principle. Moreover, this immunity provision sends the wrong message to North Dakotans: that legislative disclosure, however minimal or selective, is enough to avoid the legal consequences that any private citizen would face under similar circumstances.

Section 4 of Senate Bill 2004 is acceptable and reasonable because it appropriately clarifies that legislators must have the freedom to perform their official duties without fear of prosecution. However, Section 5 of the bill is flawed, as it attempts to grant blanket immunity from prosecution to legislators simply by virtue of their office. Disclosure is not absolution.

The fact Section 5 of Senate Bill 2004 is a policy item logrolled into an appropriation bill does not restrict the executive's line-item veto authority. Doing so would force the executive to choose between accepting a standalone policy item or risking the entire appropriation for a state agency. Allowing the Legislative Assembly to shoehorn general substantive policy provisions into an appropriation bill, while not simultaneously allowing the executive to veto those provisions, would undermine our system of checks and balances, and violate the longstanding principle of separation of powers.

I urge the Legislative Assembly to reconsider granting categorical immunity to its members and return next legislative session with mechanisms for enforcing accountability and earning back public trust.

For the reasons said above, Section 5 of Senate Bill 2004 is vetoed.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have signed Senate Bill 2014 and filed it with the Secretary of State. I also have vetoed items in Section 7 and Section 31 of Senate Bill 2014.

Section 7

Section 7 of Senate Bill 2014 directs a \$150,000 passthrough grant from the Housing Incentive Fund to a Native American-focused organization for the purpose of funding a homelessness liaison position. While it is important to make culturally informed efforts to address homelessness, especially in our Native American communities, I cannot support this provision within Section 7.

Addressing homelessness and housing insecurity requires a comprehensive, sustainable, and statewide strategy, not isolated, one-time allocations to individual entities. A piecemeal approach risks fragmentation, inefficiency, and duplication of effort. Instead, we should invest in solutions that are coordinated across agencies, regions, and communities, ensuring all vulnerable populations are reached through a unified system.

In addition, using one-time funding to establish or support a permanent position sets up both the recipient and the state for long-term uncertainty. Staffing needs, particularly for roles as critical as homelessness liaisons, should be supported through stable, recurring funding with clear performance expectations and oversight, not one-time passthroughs. Without a sustainable funding mechanism, the impact of this grant will be short-lived, and the continuity of service will be jeopardized.

Section 31

Section 31 mandates the Bank of North Dakota to allocate up to \$250,000 from its appropriation to conduct a study focused on sustaining the economies of communities in western North Dakota as oil and gas development activities decrease.

While I support proactive economic planning and diversification, Section 31 is premature, duplicative, and misaligned with our most effective and current strategies. North Dakota remains a global leader in energy production. The Bakken formation continues to be a robust and vital engine of economic activity, and current projections indicate it will remain so for the foreseeable future. Prematurely investing resources into planning for a post-oil regional economy risks sending the wrong signal about the strength and longevity of our energy industry.

Moreover, the Department of Commerce already possesses the statutory authority and expertise to conduct studies of this nature. Should a regional economic transition become necessary, Commerce is well-positioned to initiate and lead such planning efforts using existing resources, without the need to divert \$250,000 from the Bank of North Dakota's mission-focused funds.

Finally, our most effective strategy for long-term economic diversification lies in strengthening our workforce, not in isolated studies. Investments in Career and Technical Education (CTE) centers across the state are actively expanding our capacity to prepare students and workers for high-skill, high-demand jobs across industries. These CTE programs offer an immediate and scalable impact in rural and urban communities alike and represent the best path forward for building a resilient and adaptive economy.

For the reasons said above, items within Section 7 and Section 31 of Senate Bill 2014 are vetoed.

COMMUNICATION FROM GOVERNOR KELLY ARMSTRONG

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have signed Senate Bill 2018 and filed it with the Secretary of State. I also have vetoed Section 7 of Senate Bill 2018.

Section 7 of Senate Bill 2018 appropriates \$350,000 to the State Fair Association for sanitation restoration projects. While I acknowledge the importance of maintaining and improving facilities at the North Dakota State Fairgrounds, this appropriation was not included in the State Fair Association's primary budget, Senate Bill 2009, where it rightly belonged. Adding the appropriation to Senate Bill 2018, which is a bill unrelated to the State Fair Association, at the end of the legislative session is a clear example of logrolling, which undermines transparency, accountability, and the principle of deliberative budgeting.

The appropriate forum for evaluating the merits and necessity of this funding was during consideration of Senate Bill 2009. That bill was the proper vehicle for determining the State Fair's operating and capital needs in a comprehensive and transparent manner.

Furthermore, if later it is determined the State Fair Association's budget in Senate Bill 2009 is insufficient to address sanitation restoration projects, the Association has several avenues of recourse. These include applying for funding through the Emergency Commission, seeking grants, or requesting a deficiency appropriation during the 2027 legislative session. These existing mechanisms provide a more appropriate and orderly way to address emerging needs without circumventing the standard appropriations process.

For the reasons said above, Section 7 of Senate Bill 2018 is vetoed.
