Upon such filing, the credit union must cease to be a state credit union.
 - d. Upon ceasing to be a state credit union, such credit union is no longer subject to any of the provisions of the North Dakota credit union law. The successor federal credit union is vested with all of the assets and shall continue to be responsible for all of the obligations of the state credit union to the same extent as though the conversion had not taken place.

Fees must be collected by the commissioner, transferred to the state treasurer, and deposited in the financial institutions regulatory fund.

- b. When the commissioner has been satisfied that all of such requirements and all other requirements of the North Dakota law have been complied with, the commissioner shall notify the applicants and the state credit union board of that fact, and the board shall instruct the secretary of state to issue a charter in accordance with section 6-06-02. Upon issuance of the charter, the federal credit union shall become a state credit union and ceases to be a federal credit union. The state credit union is vested with all of the assets and shall continue to be responsible for all of the obligations of the federal credit union to the same extent as though the conversion had not taken place.
3. ~~After July 31, 2009, a state credit union may convert to a building and loan association by complying with the following requirements:~~

- f. ~~Before January 1, 2000, the state credit union board shall adopt rules applicable to state credit union conversion to a building and loan association which are consistent with the conversion rules of the national credit union administration.~~
- g. ~~The commissioner shall review the methodology by which the conversion member vote was taken and procedures applicable to the member vote. The commissioner shall report the commissioner's findings to the state credit union board. If the commissioner or the state credit union board disapproves of the methods by which the conversion member vote was taken or procedures applicable to the member vote, the member vote must be retaken as directed by the commissioner or the state credit union board.~~A credit union may convert to a cooperative financial institution following the procedures outlined in section 10 of this Act.

The board must conduct a hearing, if requested, under the provisions of chapter 28-32. At the conclusion of the hearing, the board shall by order approve or disapprove the application on the basis of the record at the hearing.

7. For purposes of this section, "control" means ownership or control, directly, indirectly, or through the actions of one or more persons of the power to vote twenty-five percent or more of any class of voting securities of an association, banking institution, controlling bank holding company, or the direct or indirect power to control in any manner the election of a majority of the directors of an association or banking institution, or to direct the management or policies of an association or banking institution, whether by individuals, corporations, limited liability companies, partnerships, trusts, or other entities or organizations of any type.
8. The following acquisitions of voting securities of a North Dakota state chartered bank, which would otherwise require submission of an application under this section, are not subject to the application requirements if the acquiring person notifies the commissioner within ninety days after the acquisition and provides any relevant information requested by the commissioner: acquisition of voting securities through inheritance; acquisition of voting securities as a bona fide gift; and acquisition of voting securities in satisfaction of a debt previously contracted in good faith. This subsection does not limit the authority of the commissioner to require a party to submit a written application to the board under subsection 1.

9. This section does not apply to a cooperative financial institution.

2. The parties to an account agreement may choose a forum in this state for settling a dispute arising out of the special deposit, regardless of whether a party to the account agreement or a transaction related to the special deposit, or the special deposit itself, has a reasonable relation to this state.
3. This chapter does not affect:
- a. A right or obligation relating to a deposit other than a special deposit under this chapter; or
 - b. The voidability of a deposit or transfer that is fraudulent or voidable under other law.

6-08.6-03. Variation by agreement or amendment.

1. The effect of sections 6-08.6-01 through 6-08.6-05, 6-08.6-07 through 6-08.6-10, and 6-08.6-13 may not be varied by agreement, except as provided in those sections. Subject to subsection 2, the effect of sections 6-08.6-06, 6-08.6-11, and 6-08.6-12 may be varied by agreement.

2. A provision in an account agreement or other record that substantially excuses liability or substantially limits remedies for failure to perform an obligation under this chapter is not sufficient to vary the effect of a provision of this chapter.
3. If a beneficiary is a party to an account agreement, the bank or credit union and the depositor may amend the agreement without the consent of the beneficiary only if the agreement expressly permits the amendment.
4. If a beneficiary is not a party to an account agreement and the bank or credit union and the depositor know the beneficiary has knowledge of the agreement's terms, the bank or credit union and the depositor may amend the agreement without the consent of the beneficiary only if the amendment does not adversely and materially affect a payment right of the beneficiary.
5. If a beneficiary is not a party to an account agreement and the bank or credit union and the depositor do not know whether the beneficiary has knowledge of the agreement's terms, the bank or credit union and the depositor may amend the agreement without the consent of the beneficiary only if the amendment is made in good faith.

6-08.6-04. Requirements for special deposit.

A deposit is a special deposit if it is:

1. A deposit of funds in a bank or credit union under an account agreement;
2. For the benefit of at least two beneficiaries, one or more of which may be a depositor;
3. Denominated in a medium of exchange that is currently authorized or adopted by a domestic or foreign government;
4. For a permissible purpose stated in the account agreement; and
5. Subject to a contingency.

6-08.6-05. Permissible purpose.

1. A special deposit must serve at least one permissible purpose stated in the account agreement from the time the special deposit is created in the account agreement until termination of the special deposit.
2. If, before termination of the special deposit, the bank or credit union or a court determines the special deposit no longer satisfies subsection 1, sections 6-08.6-07 through 6-08.6-10 cease to apply to any funds deposited in the special deposit after the special deposit ceases to satisfy subsection 1.
3. If, before termination of a special deposit, the bank or credit union determines the special deposit no longer satisfies subsection 1, the bank or credit union may take action the bank or credit union believes is necessary under the circumstances, including terminating the special deposit.

6-08.6-06. Payment to beneficiary by bank or credit union.

1. Unless the account agreement provides otherwise, the bank or credit union is obligated to pay a beneficiary if there are sufficient actually and finally collected funds in the balance of the special deposit.
2. Except as provided in subsection 3, the obligation to pay the beneficiary is excused if the funds available in the special deposit are insufficient to cover the payment.
3. Unless the account agreement provides otherwise, if the funds available in the special deposit are insufficient to cover an obligation to pay a beneficiary, a beneficiary may elect to be paid the funds that are available or, if there is more than one beneficiary, a pro rata share of the funds available. Payment to the beneficiary making the election under this subsection discharges the bank's or credit union's obligation to pay a beneficiary and does not constitute an accord and satisfaction with respect to another person obligated to the beneficiary.
4. Unless the account agreement provides otherwise, the obligation of the bank or credit union obligated to pay a beneficiary is immediately due and payable.
5. The bank or credit union may discharge the bank's or credit union's obligation under this section by:
 - a. Crediting another transaction account of the beneficiary; or
 - b. Taking other action that:
 - (1) Is allowed under the account agreement for the bank or credit union to obtain a discharge; or
 - (2) Otherwise would constitute a discharge under law.
6. If the bank or credit union obligated to pay a beneficiary has incurred an obligation to discharge the obligation of another person, the obligation of the other person is discharged if action by the bank or credit union under subsection 5 would constitute a discharge of the obligation of the other person under law that determines whether an obligation is satisfied.

6-08.6-07. Property interest of depositor or beneficiary.

1. A depositor or a beneficiary does not have a property interest in the special deposit itself.
2. The only property interest with respect to a special deposit is the right to receive payment if the bank or credit union is obligated to pay a beneficiary. Any property interest under this subsection is determined under other law.

6-08.6-08. When creditor process is enforceable against bank or credit union.

1. Subject to subsection 2, creditor process with respect to a special deposit is not enforceable against the bank or credit union holding the special deposit.

2. Creditor process is enforceable against the bank or credit union holding a special deposit with respect to an amount the bank or credit union is obligated to pay a beneficiary or a depositor if the process:
 - a. Is served on the bank or credit union;
 - b. Provides sufficient information to allow the bank or credit union to identify the depositor or the beneficiary from the bank's or credit union's books and records; and
 - c. Gives the bank or credit union a reasonable opportunity to act on the process.
3. Creditor process served on a bank or credit union before it is enforceable against the bank or credit union under subsection 2 does not create a right of the creditor against the bank or credit union or a duty of the bank or credit union to the creditor. Other law determines whether creditor process creates a lien enforceable against the beneficiary on a contingent interest of a beneficiary, including a depositor as a beneficiary, even if not enforceable against the bank or credit union.

6-08.6-09. Injunction or similar relief.

A court may enjoin, or grant similar relief that would have the effect of enjoining, a bank or credit union from paying a depositor or beneficiary only if payment would constitute a material fraud or facilitate a material fraud with respect to a special deposit.

6-08.6-10. Recoupment or set off.

1. Except as provided in subsection 2 or 3, a bank or credit union may not exercise a right of recoupment or set off against a special deposit.
2. An account agreement may allow the bank or credit union to debit the special deposit:
 - a. When the bank or credit union becomes obligated to pay a beneficiary, in an amount that does not exceed the amount necessary to discharge the obligation;
 - b. For a fee assessed by the bank or credit union that relates to an overdraft in the special deposit account;

AN ACT to amend and reenact sections 11-09.1-04, 11-09.1-05, 40-05.1-05, 40-05.1-06, and 40-49-07 of the North Dakota Century Code, relating to election laws in home rule counties and cities and nominating petition signature thresholds in park districts.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 11-09.1-04 of the North Dakota Century Code is amended and reenacted as follows:

11-09.1-04. Ratification by majority vote - Supersession of existing charter and conflicting state laws - Exception - Filing of copies of new charter.

If a majority of the qualified electors voting on the charter at the election vote in favor of the home rule charter, it is ratified and becomes the organic law of the county on the first day of January or July next following the election, and extends to all its county matters, unless limited by law. The charter and the ordinances made pursuant to the charter in county matters, except for matters pertaining to county elections, must be liberally construed to supersede within the territorial limits and jurisdiction of the county any conflicting state law except for any state law as it applies to cities or any power of a city to govern its own affairs, without the consent of the governing body of the city. Any ordinance enacted or adopted by a county pertaining to county elections under a home rule charter in conflict with state law is void. The charter may not authorize the enactment of ordinances to diminish the authority of a board of supervisors of a township or to change the structure of township government in any organized civil township, without the consent of the board of supervisors of the township. ~~No~~An ordinance of a home rule county ~~shall~~may not supersede sections 49-22-16 and 49-22.1-13. One copy of the charter as ratified and approved must be filed with the secretary of state; one with the recorder for the county, unless the board of county commissioners designates a different official; and one with the auditor of the county to remain as a part of its permanent records. ³⁰ **SECTION 2. AMENDMENT.** Section 11-09.1-05 of the North Dakota Century Code is amended and reenacted as follows:

³⁰ Section 11-09.1-05 was also amended by section 1 of House Bill No. 1297, chapter 201.

11-09.1-05. Powers.

After the filing with the secretary of state of a charter approved in reasonable conformity with this chapter, the county and its citizens may, if included in the charter and implemented through ordinances:

1. Acquire, hold, operate, and dispose of property within or without the county limits, and, subject to chapter 32-15, exercise the right of eminent domain for those purposes.
2. Control its finances and fiscal affairs; appropriate money for its purposes, and make payments of its debts and expenses; contract debts, borrow money, issue bonds, warrants, and other evidences of indebtedness; establish charges for any county or other services to the extent authorized by state law; and establish debt limitations.
3. Levy and collect property taxes and special assessments for benefits conferred, for its public and proprietary functions, activities, operations, undertakings, and improvements, and establish mill levy limitations. Notwithstanding any authority granted under this chapter, all property must be assessed in a uniform manner as prescribed by the state board of equalization and the state supervisor of assessments and all taxable property must be taxed by the county at the same rate unless otherwise provided by law. A charter or ordinance or act of a governing body of a home rule county may not supersede any state law that determines what property or acts are subject to, or exempt from, ad valorem taxes. A charter or ordinance or act of the governing body of a home rule county may not supersede section 11-11-55.1 relating to the sixty percent petition requirement for improvements and of section 40-22-18 relating to the barring proceeding for improvement projects.
4. Levy and collect an infrastructure fee. The fee must replace a general special assessment on all property for payment of infrastructure maintenance costs through a utility bill issued by the county. The money collected under this subsection may not be used for any purpose other than infrastructure maintenance costs. If a home rule county levies an infrastructure fee, the home rule county also may levy and collect green field special assessments. As used in this subsection:
 - a. "General special assessments" means special assessments levied for the purpose of maintaining existing roads and infrastructure and special assessments levied for the construction or repair of arterial roads and infrastructure that provide a benefit to the entire community.
 - b. "Green field special assessments" means special assessments levied for infrastructure costs associated with the development of agricultural or undeveloped property.
5. Levy and collect sales and use taxes, farm machinery gross receipts taxes, alcoholic beverage gross receipts taxes, a county lodging tax, and a county restaurant tax. Sales and use taxes and gross receipts taxes levied under this chapter:
 - a. Must conform in all respects with regard to the taxable or exempt status of items under chapters 57-39.2, 57-39.5, 57-39.6, and 57-40.2 and may not be imposed at multiple rates with the exception of sales of manufactured homes or mobile homes.

- b. May not be newly imposed or changed except to be effective on the first day of a calendar quarterly period after a minimum of ninety days' notice to the tax commissioner or, for purchases from printed catalogs, on the first day of a calendar quarter after a minimum of one hundred twenty days' notice to the seller.
- c. May not be limited to apply to less than the full value of the transaction or item as determined for state sales and use tax, except for farm machinery gross receipts tax purposes.
- d. Must be subject to collection by the tax commissioner under an agreement under section 57-01-02.1, with the exception of a county lodging or county restaurant tax, and must be administered by the tax commissioner in accordance with the relevant provisions of chapter 57-39.2, including reporting and paying requirements, correction of errors, payment of refunds, and application of penalty and interest.

After December 31, 2005, any portion of a charter or any portion of an ordinance or act of a governing body of a home rule county passed pursuant to a charter which does not conform to the requirements of this subsection is invalid to the extent that it does not conform. The invalidity of a portion of a charter or ordinance or act of a governing body of a home rule county because it does not conform to this subsection does not affect the validity of any other portion of the charter or ordinance or act of a governing body of a home rule county or the eligibility for a refund under section 57-01-02.1. Any taxes imposed under this chapter on farm machinery, farm irrigation equipment, and farm machinery repair parts used exclusively for agricultural purposes, or on alcoholic beverages, which were in effect on December 31, 2005, become gross receipts taxes after December 31, 2005. - 6. Provide for county elected and appointed officers and employees, their selection, powers, duties, qualifications, and compensation, and the terms of county appointed officers and employees. However, after adoption of a home rule charter, a county elected office may not be eliminated or combined with another office except upon approval of a majority of the electors of the county voting upon the question at a primary or general election or pursuant to the county officer combination, separation, or redesignation procedures of chapter 11-10.2. A home rule charter may not diminish the term of office for which a current county officer was elected, redesignate that elected office during that term as appointed, or reduce the salary of the office for that term. This subsection does not authorize a county to redesignate the elected offices of sheriff and state's attorney as appointed, except as provided in section 11-10-02.3.
- ~~7. Provide for all matters pertaining to county elections, except as to qualifications of electors.~~
- ~~8.~~ Provide for the adoption, amendment, repeal, initiative, referral, enforcement, and civil and criminal penalties for violation of ordinances, resolutions, and regulations to carry out its governmental and proprietary powers and to provide for public health, safety, morals, and welfare. This subsection does not confer any authority to regulate any industry or activity regulated by state law or by rules adopted by a state agency. This subsection is subject to the provisions of section 62.1-01-03.

- ~~9-8.~~ Lay out or vacate public grounds, and provide through its governing body for the construction, use, operation, designation, and regulation of a county road system.
- ~~40-9.~~ Provide for zoning, planning, and subdivision of public or private property within the county limits but outside the zoning authority of any city or organized township. This subsection is subject to the provisions of section 62.1-01-03.
- ~~44-10.~~ Exercise in the conduct of its affairs all powers usually exercised by a corporation.
- ~~42-11.~~ Contract with and receive grants from any other governmental entity or agency, with respect to any local, state, or federal program, project, or works.

The people of all counties coming within this chapter have the full right of self-government in all matters within the powers enumerated in this chapter. The statutes of this state, so far as applicable, continue to apply to counties, except as superseded by the charters of the counties or by ordinances passed pursuant to the charters.

SECTION 3. AMENDMENT. Section 40-05.1-05 of the North Dakota Century Code is amended and reenacted as follows:

40-05.1-05. Ratification by majority vote - Supersession of existing charter and state laws in conflict therewith - Exception - Filing of copies of new charter.

If a majority of the qualified voters voting on the charter at the election vote in favor of the home rule charter, the charter is ratified and is the organic law of the city, and extends to all its local and city matters, unless limited by law. The charter and the ordinances made pursuant to the charter in such matters, except for matters pertaining to city elections, supersede within the territorial limits and other jurisdiction of the city any law of the state in conflict with the charter and ordinances and must be liberally construed for such purposes. "Location" means the setback distance between a structure, fence, or other boundary enclosing an animal feeding operation, including its animal waste collection system, and the nearest occupied residence, the nearest buildings used for nonfarm or nonranch purposes, or the nearest land zoned for residential, recreational, or commercial purposes. The term does

not include the setback distance for the application of manure or for the application of other recycled agricultural material under a nutrient management plan approved by the department of environmental quality.

2. For purposes of this section, animal units are determined as provided in subdivision c of subsection 7 of section 23.1-06-15.
3. A board of county commissioners may not prohibit or prevent the use of land or buildings for farming or ranching and may not prohibit or prevent any of the normal incidents of farming or ranching.

If a regulation would impose a substantial economic burden on an animal feeding operation in existence before the effective date of the regulation, the board of county commissioners shall declare ~~that~~ the regulation is ineffective with respect to any animal feeding operation in existence before the effective date of the regulation.
8.
 - a. A board of county commissioners may establish high-density agricultural production districts in which setback distances for animal feeding operations and related agricultural operations are less than those in other districts.

If the county allows animal feeding operations as a conditional use, the conditional use regulations must be limited to the board's authority under this section, and the approval process must comply with this section. The county shall make a valid determination on the application within sixty days of the receipt of a complete conditional use permit application.

Any objection or determination that subsequently is reversed, set aside, or invalidated by a court of this state, is not a valid objection or decision for the purpose of calculating a procedural timeline under this section.
- e. A procedural timeline imposed by this section continues to be in effect during the pendency of any appeal of a county action or determination.

10. If a party challenges the validity of a county ordinance, determination, decision, or objection related to animal feeding operations, the court shall award the prevailing party actual attorney's fees, costs, and expenses.

1. The court, when sentencing a person adjudged guilty of criminal activities that have resulted in pecuniary damages, in addition to any other sentence the court may impose, shall order that the defendant make restitution to the victim or other recipient as determined by the court. Restitution must include payment to the owner of real property that is contaminated by the defendant in the manufacturing of methamphetamine for the cost of removing the contamination and returning the property to the property's condition before contamination and to any other person that has incurred costs in decontaminating the property.
2. If the court has retained jurisdiction after the sentencing hearing for claims of restitution, to make a claim for restitution, the victim shall submit information by affidavit or declaration and, as applicable, documentary evidence within the time specified in the order. The information submitted must describe the items or elements of loss, itemize the total dollar amounts of restitution claimed, and present facts and evidence sufficient to support a finding the restitution is directly related to the offense and the amount awarded. The prosecutor shall serve the defendant with a copy of the information submitted by the victim no later than sixty days following sentencing.
3. The defendant may challenge restitution but must do so by requesting a hearing within thirty days of being served with the written notification of the amount of restitution requested. The hearing request must be made in writing and filed with the court. If no hearing is requested, the court may enter a judgment ordering restitution. A defendant may not challenge restitution after the thirty-day time period has passed.
4. In determining the amount of restitution, the court shall take into account the reasonable damages sustained by the victim or victims of the criminal offense, which damages are limited to those directly related to the criminal offense and expenses actually sustained as a direct result of the defendant's criminal action. This can include an amount equal to the cost of necessary and related professional services and devices relating to physical, psychiatric, and psychological care. The defendant may be required as part of the sentence imposed by the court to pay the prescribed treatment costs for a victim of a sexual offense as defined in chapters 12.1-20 and 12.1-27.2. The court shall fix the amount of restitution or reparation and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. The court may order the defendant to disclose income and assets on forms developed by the state court administrator to facilitate the setting of an appropriate payment plan. The court shall order restitution be paid to the division of adult services for any benefits the division has paid or may pay to the victim under chapter 54-23.4 unless the court, on the record, directs otherwise. Any payments made pursuant to the order must be deducted from damages awarded in a civil action arising from the same incident.

³⁴ Section 12.1-32-08 was also amended by section 1 of Senate Bill No. 2057, chapter 297.

5. An order that a defendant make restitution or reparation as a sentence or condition of probation, unless the court directs otherwise, may be filed without filing fee, transcribed, and enforced by the person entitled to the restitution or reparation or by the division of adult services in the same manner as civil judgments rendered by the courts of this state may be enforced. Upon thirty days' written notice to the victim's last known address, the court may order the judgment imposing a duty to pay restitution or reparation be docketed in the same manner as a civil judgment under section 29-26-22.1.
6. When the restitution ordered by the court under subsection 1 is the result of a finding that the defendant issued a check or draft without sufficient funds or without an account, the court shall impose as costs the greater of the sum of ten dollars or an amount equal to twenty-five percent of the amount of restitution ordered. The costs imposed under this subsection, however, may not exceed one thousand dollars. The state-employed clerks of district court shall remit the funds collected as costs under this subsection to the state treasurer for deposit in the restitution collection assistance fund. The funds deposited into the restitution collection assistance fund are appropriated to the judicial branch on a continuing basis for the purpose of defraying expenses incident to the collection of restitution, including operating expenses and the compensation of additional necessary personnel. The state's attorneys and county-employed clerks of district court shall remit the funds collected as costs under this subsection to the county treasurer to be deposited in the county general fund.
7. The court may order the defendant to perform reasonable assigned work as a condition of probation, which assigned work need not be related to the offense charged, but must not be solely for the benefit of a private individual other than the victim.
8. ~~Under section 12-1-32-07, the court may order that the defendant reimburse indigent defense costs and expenses as a condition of probation.~~
 - a. ~~Unless it finds that there is no likelihood that the defendant is or will be able to pay attorney's fees and expenses, the court, in its judgment of conviction, and in any order or amended judgment following a revocation or other postjudgment proceeding, shall notify the defendant, the defendant's probation officer, and the prosecuting attorney of the presumed amount of costs and expenses to be reimbursed, as determined by the commission on legal counsel for indigents, and of the right to a hearing on the reimbursement amount. The reimbursement amount must include an application fee imposed under section 29-07-01.1 if the fee has not been paid before disposition of the case and the court has not waived payment of the fee.~~
 - b. ~~If the defendant or prosecutor requests a hearing within thirty days of receiving notice under this subdivision, the court shall schedule a hearing at which the actual amount of attorney's fees and expenses must be shown. In determining the amount and method of reimbursement, the court shall consider the financial resources of the defendant and the nature of the burden that reimbursement of costs and expenses will impose.~~
 - e. ~~A defendant who is required to reimburse indigent defense costs and expenses as a condition of probation and who is not willfully in default in~~

~~that reimbursement may at any time petition the court that imposed the condition to waive reimbursement of all or any portion of the costs and expenses. If the court is satisfied that reimbursement of the amount due will impose undue hardship on the defendant or the defendant's immediate family, the court may waive reimbursement of all or any portion of the amount due or modify the method of payment.~~

~~d. If at any time the court finds that the defendant is able to reimburse costs and expenses and has willfully failed to do so, the court may continue, modify, or enlarge the conditions of probation or revoke probation as provided in subsection 6 or 7, as applicable, of section 12.1-32-07.~~

- 9- ~~If the court finds that the defendant is unable to pay a fine, supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations, the court may order the defendant to perform reasonable assigned work in lieu of all or part of a fine, a supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations. The defendant may not perform reasonable assigned work in lieu of restitution or reparations unless the person entitled to restitution or reparations has consented in writing or on the record.~~

³⁵ **SECTION 6. AMENDMENT.** Section 29-07-01.1 of the North Dakota Century Code is amended and reenacted as follows:

29-07-01.1. Payment of expenses for defense of indigents —Reimbursement of indigent defense costs and expenses - Indigent defense administration fund - Continuing appropriation.

1. Lawyers provided to represent indigent persons must be compensated at a reasonable rate to be determined by the commission on legal counsel for indigents. Expenses necessary for the adequate defense of an indigent person prosecuted in district court, other than for a violation of a home rule county's ordinance, when approved by the commission, must be paid by the state. Expenses necessary for the adequate defense of an indigent person prosecuted for violation of a home rule county's ordinance must be paid by the home rule county. Expenses necessary for the adequate defense of an indigent person prosecuted in municipal court, when approved by the judge, must be paid by the city in which the alleged offense took place. The city shall also pay the expenses in any matter transferred to district court pursuant to section 40-18-06.2 or 40-18-15.1, in any appeal taken to district court from a judgment of conviction in municipal court pursuant to section 40-18-19, and in an appeal or postconviction matter seeking relief from a conviction resulting from violation of a municipal ordinance. A defendant requesting representation by counsel at public expense, or for whom counsel provided at public expense without a request is considered appropriate by the court, shall submit an application for indigent defense services. ~~For an application for indigent defense services in the district court, a nonrefundable application fee of thirty-five dollars must be paid at the time the application is submitted. The district court may extend the time for payment of the fee or may waive or reduce the fee if the court determines the defendant is financially unable to pay all or part of the fee. If the application fee is not paid before disposition of the case, the fee amount must be added to the amount to be reimbursed under this section. Application fees collected under this subsection must be forwarded for deposit in the indigent defense administration fund established under subsection 4.~~

³⁵ Section 29-07-01.1 was also amended by section 2 of House Bill No. 1032, chapter 379.

2. ~~A defendant for whom counsel is provided at public expense, subject to this subsection, shall reimburse the state, home rule county, or city such sums as the state, home rule county, or city expends on the defendant's behalf.~~

 - a. ~~At the time counsel is provided for a defendant, the court shall advise the defendant of the defendant's potential obligation to reimburse the appropriate governmental entity the amounts expended on behalf of the defendant.~~
 - b. ~~Unless it finds that there is no likelihood that the defendant is or will be able to pay attorney's fees and expenses, the court, in its judgment of conviction, and in any order or amended judgment entered following a revocation or other postjudgment proceeding, shall order the defendant to reimburse the presumed amount of indigent defense costs and expenses, as determined by the commission, and shall notify the defendant of the right to a hearing on the reimbursement amount. If the defendant or prosecutor requests a hearing within thirty days of receiving notice under this subdivision, the court shall schedule a hearing at which the actual amount of attorney's fees and expenses must be shown. In determining the amount of reimbursement and method of payment, the court shall consider the financial resources of the defendant and the nature of the burden that reimbursement of costs and expenses will impose.~~
 - c. ~~A defendant who is required to reimburse indigent defense costs and expenses and who is not willfully in default in that reimbursement may at any time petition the court to waive reimbursement of all or any portion of the attorney's fees and expenses. If the court is satisfied that reimbursement of the amount due will impose undue hardship on the defendant or the defendant's immediate family, the court may waive reimbursement of all or any portion of the amount due or modify the method of payment.~~
3. ~~The attorney general, the state's attorney of the home rule county, or the prosecuting attorney of the city in which the alleged offense took place, if reimbursement has not been received, shall seek civil recovery of any amounts expended on the defendant's behalf anytime the attorney general, state's attorney, or city attorney determines the person for whom counsel was appointed may have funds to repay the state, home rule county, or city within six years of the date such amount was paid on that person's behalf. A person against whom civil recovery is sought under this subsection is entitled to all exemptions accorded to other judgment debtors. The attorney general, state's attorney, or prosecuting attorney may contract with a private sector collection agency for assistance in seeking recovery of such funds. Before referring the matter to a collection agency, the state's attorney shall notify the person who is the subject of the collection action.~~
4. The indigent defense administration fund is a special fund in the state treasury. The state treasurer shall deposit in the fund all application fees collected under subsection 1. All moneys in the indigent defense administration fund are appropriated on a continuing basis to the commission on legal counsel for indigents to be used in the administration of the indigent defense system.

During the 2025-26 interim, the legislative management shall consider studying court fines and fees, including fines and fees relating to travel permits, presentence investigations, the drug court program, electronic monitoring, alcohol monitoring, and the twenty-four seven sobriety program. The study must consider the total amount collected; rate of fees collected, including any money expended to collect the fines and fees; an evaluation of practices in other states; and the overall impacts on a defendant. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the seventieth legislative assembly.

SECTION 2. AMENDMENT. Section 12.1-32-09 of the North Dakota Century Code is amended and reenacted as follows:

12.1-32-09. Dangerous special offenders - Habitual offenders - Extended sentences - Procedure.

1. A court may sentence a convicted offender to an extended sentence as a dangerous special offender or a habitual offender in accordance with this section upon a finding of any one or more of the following:
 - a. The convicted offender is a dangerous, mentally abnormal person whose conduct has been characterized by persistent aggressive behavior and the behavior makes the offender a serious danger to other persons.
 - b. The convicted offender is a professional criminal who has substantial income or resources derived from criminal activity.
 - c. The convicted offender is a habitual offender. The court may not make such a finding unless the offender is an adult and has previously been convicted in any state or states or by the United States of two felonies of ~~class C or above~~class C or above committed at different times when the offender was an adult. For the purposes of this subdivision, a felony conviction in another state or under the laws of the United States is considered a felony of ~~class C or above if it is punishable by a maximum term of imprisonment of five years or more.~~class C or above

- d. The offender was convicted of an offense that seriously endangered the life of another person and the offender had previously been convicted of a similar offense.
- e. The offender is especially dangerous because the offender used a firearm, dangerous weapon, or destructive device in the commission of the offense or during the flight therefrom.

A conviction shown on direct or collateral review or at the hearing to be invalid or for which the offender has been pardoned on the ground of innocence must be disregarded for purposes of subdivision c. In support of findings under subdivision b, it may be shown that the offender has had control of income or property not explained as derived from a source other than criminal activity. For purposes of subdivision b, a substantial source of income means a source of income which for any period of one year or more exceeds the minimum wage, determined on the basis of a forty-hour week and a fifty-week year, without reference to exceptions, under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, for an employee engaged in commerce or in the production of goods for commerce, and which for the same period exceeds fifty percent of the offender's declared adjusted gross income under chapter 57-38.

- 2. The extended sentence may be imposed in the following manner:
 - a. If the offense for which the offender is convicted is a class A felony, the court may impose a sentence up to a maximum of life imprisonment.
 - b. If the offense for which the offender is convicted is a class B felony, the court may impose a sentence up to a maximum of imprisonment for twenty years.
 - c. If the offense for which the offender is convicted is a class C felony, the court may impose a sentence up to a maximum of imprisonment for ten years.
- 3. Whenever an attorney charged with the prosecution of a defendant in a court of this state for an alleged felony committed when the defendant was over the age of eighteen years has reason to believe that the defendant is a dangerous special offender or a habitual offender, the attorney, at a reasonable time before trial or acceptance by the court of a plea of guilty, may sign and file with the court, and may amend, a notice specifying that the defendant is a dangerous special offender or a habitual offender who upon conviction for the felony is subject to the imposition of a sentence under subsection 2, and setting out with particularity the reasons why the attorney believes the defendant to be a dangerous special offender or a habitual offender. In no case may the fact that the prosecuting attorney is seeking sentencing of the defendant as a dangerous special offender or a habitual offender be disclosed to the jury before a verdict. If the court finds that the filing of the notice as a public record may prejudice fair consideration of a pending criminal matter, the court may order the notice sealed and the notice is not subject to subpoena or public inspection during the pendency of the criminal matter, except on order of the court, but is subject to inspection by the defendant alleged to be a dangerous special offender or a habitual offender and the offender's counsel.

4. Upon any plea of guilty, or verdict or finding of guilt of the defendant of such felony, a hearing must be held, before sentence is imposed, in accordance with this subsection as follows:
 - a. By a jury, or the court if a jury is waived by the defendant, if the notice alleges that the defendant is a dangerous special offender under subdivision a, b, d, or e of subsection 1. The jury, or the court if a jury is waived, must find that the defendant is a dangerous special offender under one or more of these subdivisions by proof beyond a reasonable doubt. However, in the case of a notice alleging only subdivision e of subsection 1, the trial jury, or the trial court if a jury is waived, may make a special finding of proof of this subdivision without an additional hearing subsequent to a verdict or finding of guilt.
 - b. By the court if the notice alleges that the defendant is a habitual offender under subdivision c of subsection 1. The court must find that the defendant is a habitual offender by a preponderance of the evidence.
5. Except in the most extraordinary cases, the court shall obtain a presentence report and may receive a diagnostic testing report under subsection 5 of section 12.1-32-02 before holding a hearing under this subsection. The court shall fix a time for the hearing and notice thereof must be given to the defendant and the prosecution at least five days prior thereto. The court shall permit the prosecution and counsel for the defendant, or the defendant if the defendant is not represented by counsel, to inspect the presentence report sufficiently before the hearing as to afford a reasonable opportunity for verification. In extraordinary cases, the court may withhold material not relevant to a proper sentence, diagnostic opinion that might seriously disrupt a program of rehabilitation, any source of information obtained on a promise of confidentiality, and material previously disclosed in open court. A court withholding all or part of a presentence report shall inform the parties of its action and place in the record the reasons therefor. The court may require parties inspecting all or part of a presentence report to give notice of any part thereof intended to be controverted. In connection with the hearing, the defendant is entitled to compulsory process and cross-examination of such witnesses as appear at the hearing. A duly authenticated copy of a former judgment or commitment is prima facie evidence of such former judgment or commitment. If the jury or the court finds, after hearing, one or more of the grounds set forth in subsection 1, that the defendant is a dangerous special offender or a habitual offender, the court shall sentence the defendant to imprisonment for an appropriate term within the limits specified in subsection 2.

14-14.2-07. Provisions and measures to prevent abduction.

1. If a petition is filed under this chapter, the court may enter an order that must include:

The order must include the provisions required by subsection 1 and measures and conditions, including those in subsections 3, 4, and 5, which are reasonably calculated to prevent abduction of the child, giving due consideration to the custody and visitation rights of the parties. 3. An abduction prevention order may include:
 - a. An imposition of travel restrictions that require a party traveling with the child outside a designated geographical area to provide the other party with:

 - (4) A written waiver under the Privacy Act, as amended [5 U.S.C. Section 552a] with respect to any document, application, or other information pertaining to the child authorizing its disclosure to the court and the petitioner; and
 - f. Upon the petitioner's request, a requirement the respondent obtain an order from the relevant foreign country containing terms identical to the child-custody determination issued in the United States.
- 4. In an abduction prevention order, the court may impose conditions on the exercise of custody or visitation which:

- a. Limit visitation or require visitation with the child by the respondent be supervised until the court finds supervision is no longer necessary and order the respondent to pay the costs of supervision;
 - b. Require the respondent to post a bond or provide other security in an amount sufficient to serve as a financial deterrent to abduction, the proceeds of which may be used to pay for the reasonable expenses of recovery of the child, including reasonable attorneys fees and costs if there is an abduction; and
 - c. Require the respondent to obtain education on the potentially harmful effects to the child from abduction.
5. To prevent imminent abduction of a child, a court may:
- a. Issue a warrant to take physical custody of the child under any provision of law, including section 14-14.2-08;
 - b. Direct law enforcement to act as reasonably necessary to locate the child, obtain return of the child, or enforce a custody determination under any provision of law, including this chapter; or

6. The remedies provided in this chapter are cumulative and do not affect the availability of other remedies to prevent abduction.

14-14.2-08. Warrant to take physical custody of child.

1. If a petition under this chapter contains allegations, and the court finds there is a credible risk the child is imminently likely to be wrongfully removed, the court may issue an ex parte warrant to take physical custody of the child.
2. The court shall afford a respondent on a petition under subsection 1 an opportunity to be heard at the earliest possible time after the ex parte warrant is executed, but not later than the next judicial day unless a hearing on that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible.
3. An ex parte warrant under subsection 1 to take physical custody of a child must:
 - a. Recite the facts upon which a determination of a credible risk of imminent wrongful removal of the child is based;
 - b. Direct law enforcement officers to take physical custody of the child immediately;
 - c. State the date and time for the hearing on the petition; and
 - d. Provide for the safe interim placement of the child pending further order of the court.
4. If feasible, before issuing a warrant and determining the placement of the child after the warrant is executed, the court may order a search of the relevant databases of the national crime information center system and similar state databases to determine whether the petitioner or respondent has a history of domestic violence, stalking, or child abuse or neglect.

5. The court shall serve the petition and warrant on the respondent at the time, or immediately after, the child is taken into physical custody.
6. A warrant to take physical custody of a child, issued by this state or another state, is enforceable. If the court finds a less intrusive remedy will not be effective, the court may authorize a law enforcement officer to enter private property to take physical custody of the child. If required by exigent circumstances, the court may authorize law enforcement officers to make a forcible entry at any hour.
7. If the court finds, after a hearing, a petitioner sought an ex parte warrant under subsection 1 for the purpose of harassment or in bad faith, the court may award the respondent reasonable attorney's fees, costs, and expenses.
8. This chapter does not affect the availability of additional relief allowed under the law.

14-14.2-09. Duration of abduction prevention order.

An abduction prevention order remains in effect until the earliest of:

1. The time stated in the order;
2. The emancipation of the child;
3. The child attaining eighteen years of age; or
4. The time the order is modified, revoked, vacated, or superseded by a court with jurisdiction under sections 14-14.1-12 through 14-14.1-14.

14-14.2-10. Uniformity of application and construction.

In applying and construing this chapter, a court shall consider the promotion of uniformity of the law among the jurisdictions that enact it.

14-14.2-11. Relation to Electronic Signatures in Global and National Commerce Act.

This chapter modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act [15 U.S.C. 7001, et seq.] but does not modify, limit, or supersede section 101(c) of the act or authorize electronic delivery of any of the notices described in section 103(b) of the act.

The reduced baseline funding applies to the calculation of state aid for the first school year in which the school district becomes an elementary district and for each year thereafter. - ~~e. Beginning with the 2021-22 school year and for each school year thereafter, the superintendent shall reduce the district's baseline funding per weighted student unit. Each year the superintendent shall calculate the amount by which the district's baseline funding per weighted student unit exceeds the payment per weighted student unit provided in subsection 3. For the 2023-24 school year the superintendent shall reduce the district's baseline funding per weighted student unit by forty percent of the amount by which the district's baseline funding per weighted student unit exceeds the payment per weighted student unit for the 2023-24 school year. For each year thereafter, the reduction percentage is increased by an additional fifteen percent. However, the district's baseline funding per weighted student unit, after the reduction, may not be less than the payment per weighted student unit provided in subsection 3.~~
3. ~~a. For the 2023-24 school year, the superintendent shall calculate state aid as the greater of:~~
- ~~(1) The district's weighted student units multiplied by ten thousand six hundred forty six dollars;~~
 - ~~(2) One hundred two percent of the district's baseline funding per weighted student unit, as established in subsection 2, multiplied by the district's weighted student units, not to exceed the district's 2017-18 baseline weighted student units, plus any weighted student units in excess of the 2017-18 baseline weighted student units multiplied by ten thousand six hundred forty six dollars; or~~

- ~~b. For the 2024-25 school year and each school year thereafter, the superintendent shall calculate state aid as the greater of:~~
- ~~(1) The district's weighted student units multiplied by eleven thousand seventy two dollars;~~
 - ~~(2) One hundred two percent of the district's baseline funding per weighted student unit, as established in subsection 2, multiplied by the district's weighted student units, not to exceed the district's 2017-18 baseline weighted student units, plus any weighted student units in excess of the 2017-18 baseline weighted student units multiplied by eleven thousand seventy two dollars; or~~

- ~~(3) The district's baseline funding as established in subsection 1 less the amount in paragraph 1, with the difference reduced by fifty five percent for the 2024-25 school year and the reduction percentage increasing by fifteen percent each school year thereafter until the difference is reduced to zero, and then the difference added to the amount determined in paragraph 1.~~
4. ~~After determining the product in accordance with subsection 3, the superintendent of public instruction shall:~~
- ~~a. Subtract an amount equal to sixty mills multiplied by the taxable valuation of the school district, except the amount in dollars subtracted for purposes of this subdivision may not exceed the previous year's amount in dollars subtracted for purposes of this subdivision by more than twelve percent, adjusted pursuant to section 15.1 27-04.3; and~~
 - ~~b. Subtract an amount equal to seventy five percent of all revenue types listed in subdivisions c and d of subsection 1. Before determining the deduction for seventy five percent of all revenue types, the superintendent of public instruction shall adjust revenues as follows:~~
 - ~~(1) Tuition revenue shall be adjusted as follows:~~
 - ~~(a) In addition to deducting tuition revenue received specifically for the operation of an educational program provided at a residential treatment facility, tuition revenue received for the provision of an adult farm management program, tuition received for the education of high-cost and special education students, and tuition received under an agreement to educate students from a school district on an air force base with funding received through federal impact aid as directed each school year in paragraph 3 of subdivision e of subsection 1, the superintendent of public instruction also shall reduce the total tuition reported by the school district by the amount of tuition revenue received for the education of students not residing in the state and for which the state has not entered a cross-border education contract; and~~
 - ~~(b) The superintendent of public instruction also shall reduce the total tuition reported by admitting school districts meeting the requirements of subdivision e of subsection 2 of section 15.1 29-12 by the amount of tuition revenue received for the education of students residing in an adjacent school district.~~
 - ~~(2) After adjusting tuition revenue as provided in paragraph 1, the superintendent shall reduce all remaining revenues from all revenue types by the percentage of mills levied in 2022 by the school district for sinking and interest relative to the total mills levied in 2022 by the school district for all purposes.~~
5. ~~The amount remaining after the computation required under subsection 4 is the amount of state aid to which a school district is entitled, subject to any other statutory requirements or limitations.~~

- ~~6. On or before June thirtieth of each year, the school board shall certify to the superintendent of public instruction the final average daily membership for the current school year.~~
- ~~7. For purposes of the calculation in subsection 4, each county auditor, in collaboration with the school districts, shall report the following to the superintendent of public instruction on an annual basis:~~

The reduced baseline funding applies to the calculation of state aid for the first school year in which the school district becomes an elementary district and for each year thereafter. - b. For any school district that becomes an elementary district pursuant to section 15.1-07-27 after the 2017-18 school year, the superintendent shall adjust the district's baseline funding per weighted student unit used to calculate state aid. CHAPTER 249

HOUSE BILL NO. 1597

(Representative Heinert)

AN ACT to provide an exemption; and to provide for the distribution of state financial assistance to eligible ambulance service operations.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. EXEMPTION - AMBULANCE SERVICE OPERATION FUNDING DISTRIBUTION. Notwithstanding section 23-46-04 relating to state financial assistance for emergency medical services, during the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services, in consultation with the emergency medical services advisory council, shall provide state financial assistance to each eligible ambulance service operation pursuant to the following calculation:

1. The minimum reasonable budget for each operation must be determined by adding the product of the operation's average number of runs for the two most recent calendar years multiplied by the cost of a run. The cost of a run for this biennium is two thousand twenty-three dollars. If the average runs multiplied by the cost of a run equals less than one hundred twenty-five thousand dollars, the minimum reasonable budget for that ambulance service is one hundred twenty-five thousand dollars. The grant amount must be the lesser of:
 - a. The calculation in subsection 2; or
 - b. The cost of a run multiplied by the average number of runs.
2. The operation's grant amount must be determined by deducting the following amounts from the operation's budget calculated under subsection 1:
 - a. The product of the operation's average number of runs for the two most recent calendar years multiplied by the reimbursement for a run. The reimbursement for a run is seven hundred ninety-five dollars; and
 - b. The product of the property tax valuation of the operation's response area for the most recent taxable year multiplied by five mills. The property tax valuation of the operation's response area must be provided by the county auditor annually no later than July thirty-first. If the response area covers multiple counties, the county auditor with the most response area is responsible for coordinating with the other county auditors.
3. The maximum total grant calculation for each operation, after accounting for the deductions in subsection 2, may not exceed two hundred twenty-five thousand dollars.
4. The maximum reimbursement for a run is two thousand twenty-three dollars. Notwithstanding subsection 5, for grant amounts distributed through June 30, 2027, the minimum total grant calculation for each operation, after accounting

for the deductions in subsection 2, must be at least fifty percent of the previous year's grant amount, but not more than the amount calculated in subsection 1.

5. The department shall distribute a prorated share of the operation's calculated grant amount if legislative appropriations for state financial assistance for emergency medical services is not sufficient to provide full grant funding calculated under this section.
6. An operation is not eligible to receive funding under this section if the operation does more than eight hundred runs per year.
7. A response area acquired after April 1, 2024, due to an adjacent ambulance service closure is not calculated in the operations response area for the purpose of the grant calculation.
