

Chasing Horses Wild Horse Advocates/ North Dakota Hearings Testimony /Nathalie Paré Testimony.

Chair and Committee Members: My name is Nathalie Paré. I am a follower of Chasing Horses Wild Horse Advocates since April 2024. I learned to advocate for the proper management of the wild horses of Theodore Roosevelt National Park. I have been signing petitions and sending emails, learning more about that magnificent herd and getting more involved.

At that time, I knew that we saved the wild horses of TRNP, but we would need a federal protection to help them!

I am writing this testimony to ask you to vote in favor of SCR 4006.

The resolution before you is asking the federal legislation to help get federal protection for this herd since they are not protected under the Wild and Free Roaming Horse & Burro Act. The TRNP wild horses have to be manage in a proper and humane way.

The protection of the Theodore Roosevelt National Park wild horse' herd will benefit to the park and to the town of Medora. This herd is followed by lots of people in the states and around the world. For example: Some people fly to North Dakota, invest in hotels, car rentals, restaurants. This is good for tourism and the economy!

Please pass the SCR 4006.

I am so grateful for the time you will take to consider my testimony; I hope that you will make a decision to protect the magnificent and unique herd of wild horses of Theodore Roosevelt National Park!

Sincerely,

Nathalie Paré
