To the North Dakota Legislature,

The TRNP wild horses deserve federal protection. Please pass SCR 4006.

I attended college in Dickinson, ND and grew up in Glendive, MT. My family traveled to Theodore Roosevelt National Park and Medora, ND many times over the last 65 years. My dad, God bless his soul, enjoyed driving the south loop of the park to see the horses. I am the third generation enjoying this beautiful national treasure. My grandchildren are the fourth generation.

Passing this resolution will help us in our efforts to protect this unique herd of horses.

Thank you.

Bernadette Hogan
