

My name is Crystal Sellers, and I am reaching out to express my support for SCR 4006, aimed at protecting the wild horses at Theodore Roosevelt National Park and other areas of BLM land that are supposed to be safeguarded.

I am not sure if you are aware of the disturbing realities of slaughter pens and their operations. Many of these magnificent horses, if they do not find loving homes, face the harrowing fate of ending up in slaughterhouses, whether in Canada or Mexico. The inhumane deaths they experience are truly heartbreaking. I urge you to watch a brief video available on YouTube that reveals the grim circumstances these horses endure. It is challenging to watch, but it sheds light on the urgent need for action. Link provided:

These animals deserve freedom—to roam and to live their best lives as they were intended. We must advocate for their protection and prevent further suffering.

Thank you for your attention to this critical issue. Together, we can make a difference in the lives of these beautiful creatures.

Sincerely,

Crystal Sellers
