Definitions

- North Dakota State Assessment (NDSA) produces a score for each student, which places the student at a performance level.
- Student achievement is defined by four performance levels:
 1. Advanced: above the standard, highly proficient
 2. Proficient: at the grade level standard
 3. Partially Proficient: slightly below the standard
 4. Novice: below proficient, below the standard
- Met = Advanced + Proficient students
- Not Met = Partially Proficient + Novice students

The level and score relationship can be found [HERE](#).
