

Oppose HB 1297

Approval voting for Fargo City Commission is believed to favor left-wing candidates. However, in the most recent election, using approval voting, a conservative candidate won the election, beating out a left-wing candidate. Approval voting has thus been shown to NOT to favor the left. The voters of Fargo are happy with approval voting, and it affects no other jurisdiction. There is no problem that HB 1297 needs to solve. Perhaps other cities should try it. Please vote no. Thank you.
