

I strongly support HB 1373 in North Dakota, a bill aimed at abolishing abortion by recognizing the equal protection rights of all human beings, including the unborn. I believe that all life, regardless of stage or development, deserves equal protection under the law. This bill is a significant step towards ensuring that every individual, from conception to natural death, is afforded the same legal safeguards and rights as any other person. It's crucial that we acknowledge the humanity and dignity of the unborn, aligning our laws with the principle that every life is precious and worthy of protection.

Sincerely
