

To the legislators in North Dakota,

God's Word teaches that all humans are created in His image (Genesis 1:27), giving every person inherent value and dignity. Scripture also affirms that life begins at conception (Jeremiah 1:5; Psalm 139:13), and thus, unborn children deserve equal legal protection. Allowing abortion contradicts God's command not to murder (Exodus 20:13) and fails to uphold justice for the most vulnerable.

I urge you to repent of the inconsistency in protecting born but not preborn lives. Trust in Jesus Christ for forgiveness, and with renewed hearts, pass HB 1373 to establish justice for the unborn. As civil leaders appointed by God, your duty is to uphold His standard of righteousness. Please act now to protect all human life.

With respect and urgency,  
Bryan Clifford
