To: Honorable House Human Services Committee,
ND House of representative Members

This Wednesday, February 5th, the House Human Services Committee will be hearing all abortion-related bills. One bill in particular, HB 1488, seeks to expand abortion with no restrictions up to 16 weeks. Since 99.9% of abortions occur within the first 16 weeks, this bill represents an extreme expansion of our Abortion ban.

WE strongly encourage you to vote in opposition!
