RE: HB 1488

Dear Honorable State Representative:

It is my understanding that HB 1488 is scheduled to be considered on February 5, 2025.

I am writing to urge your vote with a **DO NOT PASS!**

I believe this legislation would broaden the scope and ability to expand and perform abortions in our state with NO RESTRICTIONS up to 16 weeks.

It is CRITICAL that we serve to protect the unborn and the dignity of the mother's carrying these babies.

Thank you in advance for your service to our Great State – and for your commitment to protect our most vulnerable.
