

Testimony in opposition to HB 1150

I am opposed to the repeal of the Sunday blue laws, for the following reasons:

1. This is in violation of the religious freedom of Americans as it is an imposition of religion on the population
2. Not everyone is religious, as is their right in the United States of America. This is what makes us free!
3. This is bad for the economy.
4. If someone wants to attend church and can't get Sunday morning off, they can attend services on Saturday.
5. Religious teachings belong in church/temple/mosque or home

Sincerely

Alex Deufel District 40
