

Testimony of
Matt Dunlevy
Vice President, State Historical Board
September 2, 2026

Senate Bill 2407 – Special Session

Chairman and members of the committee, my name is Matt Dunlevy, Vice President of the State Historical Board. I want to express our Board's strong support for Senate Bill 2407 and for moving forward with the North Dakota Military Museum Project. The temporary line of credit authorized in this bill provides a responsible and practical solution that allows construction to continue while private fundraising advances. We believe this approach protects the public interest, honors donor commitments, and ensures that this important project can remain on schedule. Thank you for your consideration.
