

I was addicted to FDA approved pain pills, benzos and muscle relaxers for 11 years straight.

I got fired from chronic pain management in April 2019 because I didn't show up for a per contract pill count. I was 11 pills short and my drug dealers didn't have any pink oxy 10's.

After that, I went to the streets and started doing cocaine while I was searching for a new pain management doctor.

In June 2019, whilst in cocaine withdrawal, I watched that documentary "A Leaf of Faith." My journey with Kratom began the very next day.

Kratom shut that "I need one more snort, one more pill, one more escape" noise off in my brain. It allowed me to work on my whys of addiction. I have not been back to pain management in over 5 years.

I am a functioning member of society again. I am a thriving mother again. I am no longer a burden to my kids. I will be forever grateful and thankful that I accidentally found lab-tested whole-leaf powder Kratom.

I now pass on my journey, wisdom and science to help those struggling with addiction, chronic pain, anxiety and depression.

Yours truly, Kratom advocate/activist from Colorado est. 2019.
