Subject: Corrected testimony regarding HB 1202

I offered testimony on HB 1202 which I know has failed, as it should. I was incorrect in my testimony regarding legal fees paid by opponents of Sargent County Drain 11. I thought that the Sargent County Water Board had paid all of the legal fees incurred by our opponents. I have recently learned that we paid only the fees in the one lawsuit which we ultimately lost on appeal to the ND Supreme Court. There were four other suits or appeals filed by our opponents which they lost and paid their own fees.

I apologize for the incorrect information which I provided during my testimony.

Sincerely, Michael Wyum, Sargent County Water Resource Board Member
