

Dear members of the House Energy and Natural Resources,

Please join me in opposing Senate Bill 2137.

This bill would strip the authority from the North Dakota Game and Fish to implement their CWD Management Plan by prohibiting the Game and Fish from banning baiting practices.

This bill could also have far reaching effects in the future, in situations that that we may not even be able to imagine at this point.

Please continue to allow the professional and passionate employees of the North Dakota Game and Fish Department to make proper and educated decisions regarding our public resources.

Thank you,

Nevin Jenner

Williston, North Dakota
