

HB 1141

House Industry, Business, and Labor

I am in support of HB 1141

Chairman Warrey and Committee Members, I am in support of closing the loophole that allows public entities to give taxpayer dollars to private organizations to circumvent the prohibition on public entities using public resources. I support efforts to reduce taxpayer-funded campaigning and taxpayer-funded lobbying. I strongly urge a Do Pass on HB 1141.

Thank You, Gordon Greenstein
