

**House Political Subdivisions Committee  
HCR 3020 - Testimony in Opposition  
February 12, 2025**

Members of the Committee,

I am writing in opposition to HCR 3020. This unserious bill is an embarrassment, a waste of time and resources, and frankly an insult to each sponsors' constituents. Wasting our time on their personal interests that do not represent the diverse makeup of our communities is absurd.

There are far more pressing issues affecting the residents of North Dakota. I urge you to vote NO on HCR 3020.

Thank you,
