Other Sections in Department of Water Resources - Budget No. 770

Section Description	House Version	Senate Version
New and vacant FTE pool	Section 3 provides language regarding the use of funding in the new and vacant FTE pool line item.	No changes
Additional income - Appropriation	Section 4 appropriates any additional funds available in the resources trust fund to the Department of Water Resources for the 2025-27 biennium for municipal water supply and rural water supply grants.	The Senate adjusted this section to appropriate any additional federal funds received by the Department of Water Resources, to be used for the purpose for which the funds are received. The Senate also excluded additional oil revenue for the resources trust fund from the appropriation.
Deficiency appropriation - SIF	Section 5 provides a \$10 million deficiency appropriation from the strategic investment and improvements fund to repay a Bank of North Dakota line of credit associated with the water infrastructure revolving loan fund.	The Senate removed this section.
Sovereign lands	Sections 6 and 7 provide \$2.5 million to the Parks and Recreation Department to develop recreation opportunities on sovereign lands.	The Senate removed these sections.
Water projects stabilization fund - Other funds	Section 8 identifies \$42.5 million of the amount appropriated in Section 1 is from the water projects stabilization fund.	No changes
Discretionary funding	Section 9 provides that the discretionary funding line item in Section 1 and any discretionary funding carried over pursuant to Section 23 may be used as necessary, except for salaries and	No changes
Bond issuance - Southwest Pipeline Project	Section 10 provides for the issuance of up to \$100 million of revenue bonds for the Southwest Pipeline Project.	The Senate removed this section.
Water projects stabilization fund - Transfers		The Senate added a section to transfer oil tax revenue deposited in the resources trust fund in excess of the March 2025 legislative forecast to the water projects stabilization fund.
Transfer - Water infrastructure revolving loan fund	Section 11 provides for a transfer of \$45 million from the resources trust fund to the water infrastructure revolving loan fund.	The Senate reduced this transfer to \$35 million for the water infrastructure revolving loan fund.

Other Sections in Department of Water Resources - Budget No. 770

Section Description	House Version	Senate Version	
Line of credit - Water infrastructure revolving loan fund	Section 12 provides for a \$100 million Bank of North Dakota line of credit, the proceeds of which are to be transferred to the water infrastructure revolving loan fund as necessary to provide local cost share for projects approved by the State Water Commission.	The Senate adjusted this language to clarify the process by which the Department of Water Resources accesses the Bank of North Dakota line of credit.	
Water Topics Overview Committee - Powers and duties		The Senate added a section to amend the powers and duties of the Water Topics Overview Committee to provide for committee review of water project proposals with a state cost share of \$10 million or more.	
Bank of North Dakota line of credit	Section 13 amends Section 61-02-79 to provide a line of credit of up to \$200 million for water projects.	The Senate reduced the line of credit to \$150 million and designated \$50 million from that line of credit for the Southwest Pipeline Project.	
Northwest Area Water Supply - Biota water treatment plant operating fund - Continuing appropriation	Section 14 provides continuing appropriation authority for federal funds received for the operations of the NAWS Biota water treatment plant.	No changes	
Legislative intent - Red River valley water supply project	Section 15 provides legislative intent for \$260 million for the Red River valley water supply project for the 2025-27 biennium.	The Senate reduced RRVWS intent from \$260 million to \$150 million for the 2025-27 biennium.	
Legislative intent - Mouse River flood control project	Section 16 provides legislative intent for \$125 million for the Mouse River flood control project for the 2025-27 biennium.	The Senate reduced Mouse River flood control project intent from \$125 million to \$65 million for the 2025-27 biennium.	
Legislative intent - South Bismarck storm water and flood control project	Section 17 provides legislative intent for \$20 million for a south Bismarck storm water and flood control project for the 2025-27 biennium.	The Senate removed this section.	
Legislative intent - Grants and water projects	Section 18 provides additional detail regarding allocations within line items for water projects.	The Senate adjusted this section to reflect updated allocations within line items for other water projects as follows: Valley City Flood Control - \$13 million Other flood control - \$7.5 million Western Area Water Supply - \$35 million Municipal water supply - \$35 million Rural water supply - \$55 million Conveyance - \$15 million Other general water - \$4.75 million	
Legislative intent - Southwest Pipeline Project line of credit		The Senate added a section to provide legislative intent that the \$50 million line of credit for the Southwest Pipeline Project be repaid by with resources trust fund revenue from capital repayments from the Southwest Pipeline Project.	
Legislative intent - Missouri River system	Section 19 provides legislative intent for the Department of Water Resources to support efforts to protect and develop beneficial use of Missouri River system water.	No changes	
Legislative Management study of designated appropriations		The Senate added a section to provide for a study of legislatively designated funding for water projects, including multi-phase projects.	
Missouri River intake sites study		The Senate added a section to provide for DWR to study or conduct a field investigation regarding Missouri River intake sites.	
State Water Commission study - Regional water systems governance and finance	Section 20 provides for a State Water Commission study of regional water systems governance and finance.	The Senate adjusted this section to require a report to the Legislative Management by March 31, 2026.	

Other Sections in Department of Water Resources - Budget No. 770

Section Description	House Version	Senate Version	
State Water Commission study - Cost-share policy	Section 21 provides for a State Water Commission study of its cost share policy.	The Senate adjusted this section to require a report to the Legislative Management by March 31, 2026, and to expand the study to include financial planning.	
Line item transfers	Section 22 provides authority for the Director of the Department of Water Resources to transfer up to \$10 million between line items, excluding the salaries and wages line item and the new and vacant FTE pool line item.	The Senate reduced the line item transfer authority to \$5 million and limited it to transfers between the capital assets and operating expenses line items.	
Exemption - Water-related projects	Section 23 provides that any unexpended obligated and unobligated 2023-25 biennium appropriation authority for grants or water-related projects, estimated to be \$522.5 million, may be continued and expended during the 2025-27 biennium.	The Senate increased the identified carryover amount to \$600 million.	
Emergency	Section 24 declares the bill to be an emergency measure.	The Senate added HB 1040, relating to a drought disaster livestock water assistance program, as an emergency measure.
