

Chairman Larson, members of the Senate Judiciary Committee

3/11/25

I am writing in opposition to HCR 3013

HCR 3013 is an action to discriminate against the equal rights of citizens in North Dakota and America. Families are intact from the Marriage Equality Act. Destroying legal protections at this point is going to persecute citizens of America. Legal, emotional, and physical harm against citizens that a legal body is sworn to protect is unconscionable.

You are chasing people we need in our state away with this discrimination.

Respectfully vote no on HCR 3013

A Citizen Just Like You
