RE: Support for SB-2340

Chairman and Committee Members,

I am Mr. Rick Schreiber, the Arnegard Rural Fire District (ARFD) Chief and Board President. I would like to extend our support for Senate Bill 2340.

After the 700-acre fire storm we experienced on October 5<sup>th</sup> we are intimately aware of the increased demands that are put on our firefighters particularly our volunteer organizations.

Recruitment and funding continue to be a problem across the country with fire and EMS organizations closing their doors almost daily. Staying ahead of this and trying to find viable solutions is just a good idea. After-all, we're all in this thing together.

I would be happy to stand for any questions.

Respectfully,

Rick Schreiber, Board President	1.701.570.1097
JC "Jeff" Collison, Vice President	1.303.886.8756
